

مجموعة أبناء عبد الله حسين المطوع  
ABDULLA H. AL-MUTAWA SONS' GROUP

We add value

Cover design depicts the rise of the Abdulla H. Al-Mutawa Sons' Group (AMSG) from a typical contracting company to a very important multifaceted service entity.

Sand stands for the fundamentals--people, skills and technology. The logo emerging from the ground conveys its richness in values--precision, hard-work and a firm resolve to become the company of choice for contracting, trade and industrial services. And a withered tree nurtured into full bloom conveys the fulfillment of its vision.

All these are the basic components of AMSG's success. The secret of its rise from a humble beginning to the status of a big industry player.

A value that it will constantly instill in its people. The rewards of which it will continue to bring to its thousands of customers everyday.

Bringing you to the next level of customer service through  
a proven track record of quality, reliability and efficiency  
spanning over five decades.

---

*Shaikh Abdulla H. Al-Mutawa*

The Abdulla H. Al-Mutawa Sons' Group (AMSG) was founded in Dammam in 1948 as the "Abdulla Al-Mutawa Contracting Establishment". A brainchild of the late *Shaikh Abdulla Al-Mutawa*. A company kept alive by a tradition of value and excellence up to this day.

Since its initial venture with the premier oil company Saudi Aramco in construction, maintenance and general services, AMSG has since then engaged in other activities that include landscaping, renovation and supply of professional and highly skilled workers.

In 1987, the company was formally launched as the Abdulla H. Al-Mutawa Sons' Company (AMSC). From hence, AMSC continued to chart the growth course. And with its growing number of subsidiaries and joint ventures, AMSC was eventually called the Abdullah H. Al-Mutawa Sons' Group (AMSG). Evolving into a more diversified group with varied interests that include fiberglass and gauge manufacture. Its trading venture was shored up with the opening of pharmaceutical, dining and furniture outlets. The years following paved the way for the groundbreaking of various construction projects. And now, AMSG rides the dot\_com wave with a new IT division.

AMSG takes customers to a higher level of satisfaction— with up-to-the-minute technology, highly skilled and competent professionals and a core principle of excellence.

For a long time, AMSG will continue to generate jobs for thousands of people and bring the AMSG service excellence to places. The company is now highly accessible with new offices in key locations such as Jeddah, Yanbu, Riyadh, Dharan, Jubail, Abqaiq and Al-Hasa, complementing its long-time headquarters in Dammam.

## ABDULLA H. AL-MUTAWA SONS' GROUP

## C O N T R A C T I N G

We're a highly diversified group united by a core principle of service excellence

After decades of extensive practice and involvement in the business, the name Abdulla H. Al-Mutawa Sons' Co. (AMSC) has become synonymous to contracting.

Contracting is foremost to AMSC, a service offered since its inception in 1948. Its expertise in the field has grown through years of solid experience, catering to the country's most reputable companies such as SCECO, SAUDI ARAMCO and SABIC.

The contracting service is continuously evolving, changing according to the growing needs of customers, improving with every opportunity that comes along the way. This is the kind of service that never fails to attract the kingdom's most aggressive industries to the AMSC lair. A distinctive mark of quality and efficiency. A passion for excellence that brings avid attention to every detail... leaving no stones unturned. A value cultivated in every aspect of the job—from maintenance to operations, from construction to manpower supply.

The group's capabilities extend to a full range of contracting services for various office, commercial, industrial & residential establishments. It is carefully implemented by workers with appropriate skills and matching expertise, complemented by up-to-the-minute technology to get the job done way beyond the customer's expectations.

## GENERAL SERVICES

### MANAGEMENT OF COMPOUNDS

*Satisfying your need to live comfortably...*

All the best of AMSC's general services put together in one complete package. A total care solution with a comprehensive array of services for managing compounds— including the extensive cleaning of premises, gardening, laundry, catering and security. Truly a top deal for various business and residential establishments. The task includes tending the gardens and landscaped areas... keeping the compound's pantry, lobby, halls, corridors, toilets and other common areas neat and clean... or operating an indoor refreshment station for company employees and visitors. Comprising the group are friendly housekeeping and maintenance personnel whose end-objective is to bring pleasure and satisfaction to every individual residing or working inside the compound.

#### General Housekeeping and Janitorial Services

Total cleaning services for all interior and exterior areas of compounds with a hardworking housekeeping staff that works full time using the most effective cleaning equipment and solutions.

#### Gardening and Landscaping

Attractive, colorful and refreshing garden sceneries whether indoors or outdoors using the proper plant care and maintenance techniques.

#### Laundry

Laundry requirements of any size managed by a hardworking staff and the most modern heavy duty machines that can wash up huge numbers of various laundry items daily.

#### Catering

Catering services to functions of any kind, from a small luncheon to a big convention. For breakfast, lunch or dinner, with set-ups for a coffee station or refreshment bar. The group served more than 50,000 US soldiers with high calorie diet three times daily during the time of Operation Desert Storm. A service treasured by the US Army to this very day.

#### Security

Sophisticated security measures enforced by a well-trained personnel and the most modern safety and monitoring equipment, twenty four hours a day, seven days a week.

## O P E R A T I O N S   &   M A I N T E N A N C E

Our contracting division offers multiple capabilities for ensuring customer satisfaction

AMSC Contracting is one of the forerunners of the local industry in Operations and Maintenance services. It offers specialized assistance in preventive care and maintenance services. AMSC has extensive knowledge and experience in contracting for industrial plants, residential and office compounds plus airport and seaport facilities. Friendly customer relations officers from the AMSC Operations and Maintenance Group accommodate customers' requests and complaints round-the-clock. Operations and maintenance services include Civil Works for general mechanical, plumbing and electrical requirements.

### **Mechanical**

This service ensures the proper maintenance of indoor temperature and water reservoir systems. A standby mechanical group guarantees unlimited water supply in various establishments through efficient plumbing, maintenance, repair and installations. A separate team monitors and controls indoor temperature through efficient air-conditioning maintenance.

### **Electrical**

Promotes the maintenance and repair of electrical systems in buildings and various establishments. This requires regular inspection of the property in accordance with required safety and security procedures.

### **Renovation**

Aside from maintenance, the team offers full-service contracting for renovation projects, whether for a minimal upgrade or a large-scale renovation. The service can transform any property into highly functional, aesthetically pleasing environments and give it the best value for capital improvement. The team has a reputation for meeting deadlines, working within budgets, demonstrating thorough knowledge of the materials and contractors and providing on-site supervision for quality assurance.

## GENERAL SERVICES

For expert cleaning and environmental upgrade services, AMSC General Services has the team you can depend on. The division takes pride in its TOTAL SERVICE philosophy that's applied day after day, project after project by a well-trained personnel that are courteous and accommodating. Through it, customers' specifications for the upkeep of their properties are carefully implemented from the interior to the exterior... way down to the smallest detail. In addition to the distinctive service and resourcefulness of its people are special conveniences offered by the latest and most sophisticated equipment.

### **SANITATION AND JANITORIAL SERVICES**

Promote wellness and absolute comfort for people... keep the surroundings attractive and pleasing to the eye of visitors and residents ... and create a stimulating environment for working and living. These are the objectives of AMSC's Sanitation and Janitorial services. One of AMSC's major projects include housekeeping jobs for the Saudi Aramco Medical Centers' lobbies, halls, patients' rooms, emergency and operating rooms, doctors' offices and clinics, toilets and cafeteria. Facilitating the workflow are highly advanced sanitation equipment which includes the Rotocleva at the Housekeeping Division of the Saudi Aramco Hospital in Al Hassa. The first-of-its-kind contaminated waste disposal equipment being used in the Kingdom. Also offered are sanitation and janitorial services for residential villas, business centers, factories and industrial plants and shopping centers. As a whole, the division helps create a better representation of the company to clients and business partners.

### **TRASH REMOVAL**

Only AMSC has the most complete line of light and heavy equipment for the proper disposal of solid and liquid wastes. AMSC's garbage disposal equipment can accommodate tons of trash per day and ensure a clean, pleasant and trash-free surrounding all-year round.

### **PEST CONTROL**

The AMSC Pest Control Team eliminates unwanted pests with its TOTAL WIPE-OUT TECHNIQUE. It helps protect individuals from diseases, safeguard office documents and equipment and shield properties from distractive termites. Experienced pest control specialists use modern equipment and laboratory-tested solutions.

## GENERAL SERVICES

### GARDENING & LANDSCAPING

Bringing you closer to nature from the indoors to the outdoors...

AMSC Gardening and Landscaping Services transform any kind of outdoor environment into refreshing, relaxing and colorful panoramas. Renovating landscapes... and bringing life to barren soil.

The work begins with a landscape artist's perspective or design. Right after comes the soil preparation including seeding, fertilizing, weeding and mowing. When the soil is ready, the right variety of plant species are carefully selected – from colorful flowering bulbs to shade trees that are highly attractive, able to remain full and green throughout the seasons and easily adaptable to extreme temperature conditions. Garden accents, rock patterns and water features add more life to the palette and deft hands nurture them into beautiful lawns, hedges, shrubs and living fences. These horticulturists combine green thumb charm with the convenience of modern gardening aids like lawn mowers and tree-cutting equipment.

Basic plant propagation and maintenance techniques are applied such as the installation of an efficient irrigation system complete with lawn sprinklers and ditches.

Bring your natural environment into full bloom... with AMSC Gardening and Landscaping services.

## C O N S T R U C T I O N

### CONSTRUCTION

Building dreams. Building the country.

AMSC Construction transforms our way of life with developments that go a step further to enhance property values and lifestyle conveniences. AMSC builds private luxury mansions as well as entire communities made up of clusters of company-owned residential villas housing hundreds of employees. With every development, comes the AMSC Construction trademark of timeless appeal and enduring quality, so that clients' properties will continue to serve their purpose and appreciate in value for years and years to come.

### GENERAL CONSTRUCTION SERVICES

AMSC Construction handles any type of construction requirement for residential, office, commercial and industrial developments. A professional development team comprised of in-house architects and engineers carefully study the project and then plan, conceptualize and execute designs at standards required by the industry. Scope of work encompasses everything and includes basic construction; sewage, water supply and electrical installations; finishing; painting; interior design and furnishing, depending on client's specifications. AMSC Construction offers cost-effective designs and guarantees on-time delivery of projects to its valued clients.

### BUILDING RENOVATION AND MODIFICATION

AMSC lends a new face as well as renewed structural strength to buildings and establishments. With its renovation expertise, AMSC transforms these establishments way to the core, giving the façade of old structures a refreshing facelift, and reconditioning installations for electricity, water supply and air-conditioning. Renovation jobs involve repairs and reconstructive carpentry work on toilets, roofs, floors and walls. Other modification procedures include replacement of doors and windows and the repainting of both the interior and exterior of the establishment.

## M A T E R I A L S   H A N D L I N G

### **MATERIALS HANDLING AND STEVEDORING GENERAL TRANSPORT**

There's nothing AMSC can't handle

AMSC is a leading provider of materials handling services with a reputation for service excellence and operational flexibility. To fully satisfy its clients, the company has set its standards to World's Best Practice levels, and continues to improve on its technical capabilities and handling equipment. AMSC handles tons upon tons of cargo of any size and type with extreme care for the kingdom's leading international trading companies, manufacturers and industries.

#### **MATERIALS HANDLING AND STEVEDORING**

AMSC materials handling and stevedoring services ensure smooth handling, safe storage and efficient distribution channels. Operations are facilitated by automated conveying, moving and transportation equipment such as forklifts, conveyors, cranes, carts, vactors, hoists, dump and lift trucks. Containing, filling, loading and packing services are available for materials such as ores, fertilizers, aggregates, scrap metal and cement. The service is designed for utmost speed, productivity and damage-free handling. AMSC also supplies skilled operators and other necessary manpower required by clients.

#### **GENERAL TRANSPORT**

AMSC Transport services maintain a comprehensive fleet of modern vehicle and trailers that caters to every transport need. Its fleet of prime movers offer full diversity, flexibility and convenience and only the most qualified operators are allowed to handle its equipment. The service offers long-distance transport as well as access to major ports and ensures speed, safety and security on air, sea and land.

## MANPOWER SUPPLY

### WE PROVIDE PROFESSIONAL AND SKILLED WORKERS

“Build a workforce that delivers.” This is the primary task of the AMSC Manpower Supply Division, a leading provider of technology- and skills-oriented manpower for the kingdom's top corporations.

Our manpower pool undergoes a series of rigid screening and testing procedures to ensure that they are qualified for deployment, and that each one is up to the standards of clients.

This includes professionals with sufficient years of experience in their respective fields and the required academic background. On the other hand, AMSC ensures that its skilled workers are well-trained and experienced.

AMSC Manpower Supply deploys engineers, IT professionals, landscape specialists, inspectors, clerks, secretaries, air-conditioning specialists, telephone technicians, forklift and crane operators, craftsmen, general laborers and heavy vehicle drivers.

## GAUGES MANUFACTURING

AMSG takes a big, bold step towards the realm of precision technology.  
A showcase of technical prowess that will carve a niche for AMSG  
in the gauges manufacture industry.

The AMSG Gauges Division is engaged in the manufacture and assembly of temperature and pressure gauges. It supplies switch mechanisms and industrial and control valves for various industrial plants and handles different kinds of calibration and repair jobs for valued clients like SCECO and SAUDI ARAMCO.

Gauges manufacture requires accuracy, precision and the time-honed expertise of well-trained technicians knowledgeable in American and European gauges technology.

In every step of the manufacturing process, in every gauge component put together, the technical team applies the AMSG vision of excellence, infusing its distinctive mark of quality that's at par with the global standards of ASME, ANSI, BS, and DIN.

## FIBERGLASS PRODUCTION

We spearhead the industry with a combination of cutting-edge technology, skills proficiency and professional competence.

Using local talents and world-class technology, the AMMSG Fiberglass Manufacturing Division creates Glass Reinforced Plastic (GRP) products of outstanding quality. Designs come in varieties of fiberglass, acrylic or solid surface granite and caters to a wide range of household, commercial and industrial needs.

Highlighting its product array are wash basins and vanities in a wide range of designs from rectangular to oval shape, from bright solid colors to aesthetic marbled patterns. The product range also consists of shower trays, granite-base counter tops, water tanks, solid stone building materials and other accessories for kitchens, bathrooms and floorings.

Creating fiberglass products involves modern technology and painstaking craftsmanship. From conceptualization of the design, up to the fitting, moulding, polishing, laminating, curing and cutting stages, and until the final step of finishing - every product carries with it the AMMSG Fiberglass special mark of quality and sophistication.

## INDUSTRIAL MANAGEMENT CONSULTANTS

AMSG's Industrial Management Consultants give entrepreneurs the leverage they need to excel in business.

With AMSG, clients can probe into the minds of industry experts and gain fresh, new insights in industrial management and sharpen their advantage with the staff's extensive experience of the local and global industries.

AMSG's international consultants from the USA and Europe collaborate with local talents to help clients make informed decisions. They offer assistance in the areas of strategic planning and implementation, materials management and technology development for various industries including petrochemical, tire, rubber, automotive and related fields.

The group maintains a study and research division and provides continuous assistance in manpower training and development.

### TRADING

We fulfill your needs from fine gourmet ideas  
to basic health remedies.

#### Electronic Products

The AMSG Electronics Group is a leading distributor of a wide selection of electronic items, parts and accessories from leading manufacturers around the world. It offers the best buying options for various electronic items because every product carries the guarantee of quality and assurance at very affordable prices. First-class showrooms in Al Khobar, Dammam and Saihat feature the finest audio-video equipment like flat screen televisions, VCD players, audio components and Discmans. A wide range of home appliances are also available from refrigerators to microwaves, from blenders to oven toasters, from digital watches to cameras. All showrooms maintain service centers with skilled technicians for various kinds of repairs and after-sales services.

#### Pharmaceutical Supplies and Cosmetics

AMSG's Pharmaceuticals Division is a trusted name when it comes to medical supplies. It sells a complete range of proven and effective remedies from leading pharmaceutical companies worldwide plus a wide range of medical items for home, clinic and hospital use. Aside from medical supplies, the center also sells special items from fashion cosmetics to a wide range of skin treatment and beauty products. Other medical and health care products include infant nutrition products, personal hygiene and daily health supplements. AMSG Pharmaceutical Centers are highly accessible with conveniently located outlets across the kingdom.

#### Product Marketing and Distribution Services

AMSG is a marketing and distribution arm for a wide range of products. Reaching out to every type of consumer and bringing the most sought-after goods to many homes in any part of the world. The division imports and exports products of all sorts. These include foodstuffs like fruit juices, wheat flour, cooking oil and various canned good specialties. Laundry and bath soaps, baby diapers, sanitary napkins, plastic bags, fittings plus various household items are also available. AMSG's trading division is accessible with branches in Dammam, Riyadh, Jeddah and other key locations. The group recently embarked on the export and distribution of various food items to Africa.

#### Supply of Industrial Tools and Equipment

AMSG makes sure that every product supplied bears with it the assurance of quality and performance by its respective manufacturer. It offers a complete range of premier quality industrial tools and equipment for materials handling, metalworking, lubrication, motor and power transmission and electrical work at very competitive prices. Also available are moving equipment such as trolley, machinery movers and steel cables plus lifting equipment such as cranes, slings, chains, dispensers and jacks.

## RESTAURANTS AND CATERING

AMSG specializes in the restaurants and catering business and combines the essential ingredients of good food and excellent service.

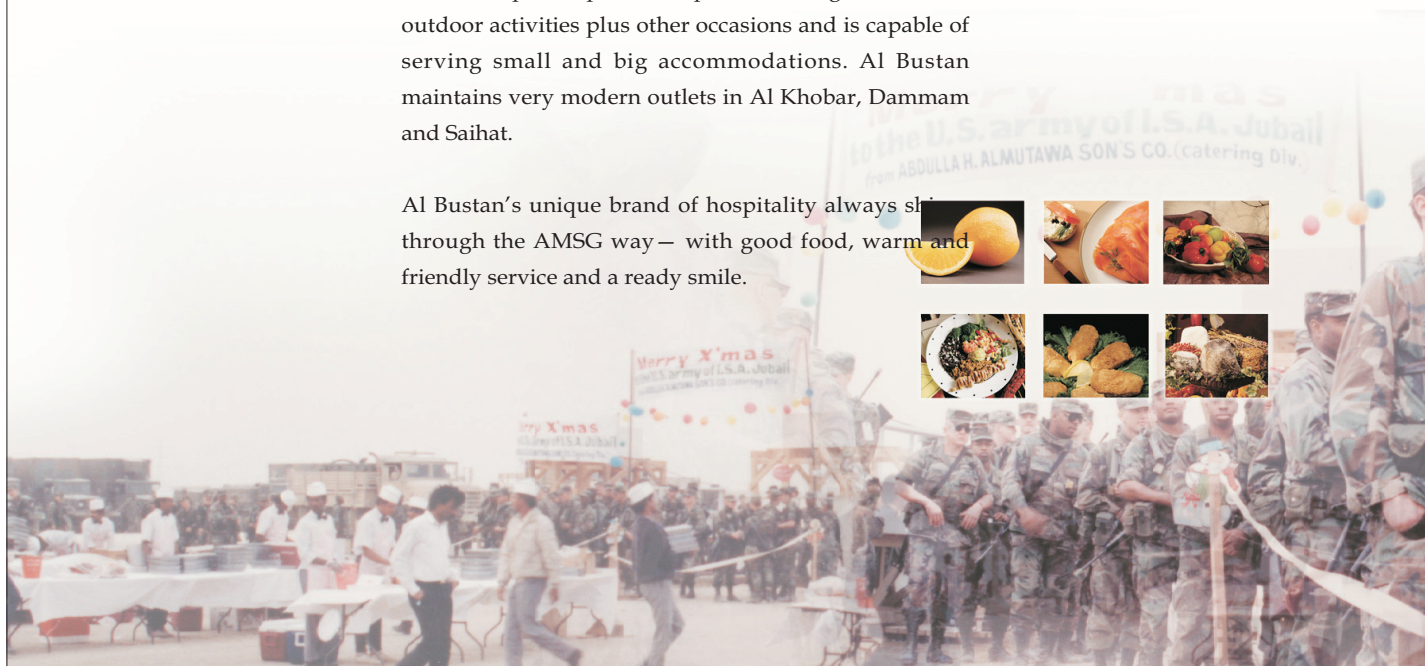

The AMSG Restaurants and Catering staff concocts the most sumptuous cuisine that never fails to tickle the palate of gourmands and plain food lovers. And every serving is spiced up with the kingdoms' unique tradition of gracious hospitality.

The AMSG Restaurant and Catering Division currently operates the Al Bustan, a chain of fine dining restaurants offering a mouth-watering selection of local and international cuisine. A gourmand's haven for a delectable array of European dishes whipped up by the finest international chefs.

It offers catering services and special arrangements for luncheons, private parties, corporate meetings, indoor and outdoor activities plus other occasions and is capable of serving small and big accommodations. Al Bustan maintains very modern outlets in Al Khobar, Dammam and Saihat.

Al Bustan's unique brand of hospitality always shines through the AMSG way – with good food, warm and friendly service and a ready smile.

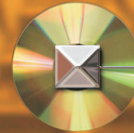

## SUBSIDIARIES AND PARTNERSHIPS

Vision & Innovation (V&I) is an information technology solutions provider empowered by an alliance with the world's leading IT companies. A synergy of values that brings with it the highest caliber of quality and services.

V&I is backed by the strength of HCL Technologies, a top global source for market-leading integration technologies and designs solution blueprints. Its affiliate company in the HCL Group, HCL Infosystems, is a forerunner in PC manufacture with premier support services for software development, hardware solutions and Internet technology. V&I also nurtures partnerships with reputable companies such as Visionlabs and NewGen. These ties leverage V&I's capacity for specialized technologies and serve as conduit for fostering relations with the pillars of the industry such as Intel, Microsoft, Novell, Oracle, Sybase and Informix.

Continuously transforming  
the vision to enhance our  
way of life.

## TRASH REMOVAL AND PEST CONTROL

Clean All, the dependable cleaning specialist, helps make homes more livable, workplaces more stimulating and the total environment a whole lot better.

It's the best solution to every cleaning and maintenance needs. Clean All offers cleaning, waste management and maintenance services to office, school, hospital, commercial, industrial and private residential establishments. Clean All conforms to international standards of quality with a very efficient staff and the most modern equipment.

For liquid waste disposal, road sweeping, waste removal and management, car washing, window cleaning, supply of cleaning materials and other requirements— Clean All is the preferred supplier.

And for irritating pests, Clean All Pest Control services effectively and totally eliminate harmful and disease-spreading pests such as rodents, cockroaches, termites and bugs.

Pest extermination is administered by experienced pest control specialists using quality equipment and laboratory-tested chemicals and solutions. Special techniques in use include fumigation, rodent control, termite-proofing, outdoor fogging and garden spraying. Interiors of any establishment are thoroughly sprayed from the exterior to the interior, from kitchens to toilets, from basements to drainages.

# AMTAC

AL-MUTAWA TECHNICAL AUTO CENTER

Introduces new car care technology for repair, conditioning and preventive maintenance services.

The workshop is located in a spacious 4,000-SQM covered work area that can accommodate as many as 50 vehicle repairs per day for detailing, mechanical, electronic, body and paint services.

At AMTAC, vehicles are checked, fixed and tuned up using electronic diagnostic tools. Choice of paint color is aided by computer and vehicles are sealed-baked in a digitally operated booth. Computerized CAR-O-LINER chassis alignment equipment helps return damaged cars to their original condition. An auto detailing zone is fully equipped for cleanups, refinishing, waxing and other services. Computerized records of repair and maintenance history are furnished on demand.

Only the most qualified and licensed auto technicians are employed by AMTAC and they consistently undergo extensive training at the prestigious BMW and Mercedes Benz training centers of automotive technology.

AMTAC offers personalized services, on-time work completion, above-industry standards and the most competitive rates. A special auto care special package is designed for corporate clients and fleet operators.

**Nurturing Partnerships**  
**THE ALMUTAWA SAMYONG NDT COMPANY**

Together with the Samyong Korea Group, AMSG founded the Al Mutawa Samyong NDT Company (AMSYCO), a top-caliber testing, analysis, engineering and inspection services provider for various oil and gas, petrochemical, power, utility, fabrication and construction industries operating in Saudi Arabia and neighboring Gulf locations. A tie-up which harnesses the technology of the Samyong Korea Group and makes use of AMSG's vast network of resources comprising of marketing professionals and highly skilled workers. AMSYCO serves the kingdom's industry leaders such as Saudi Aramco, Saudi Arabian Bechtel, Daewoo Arabia Ltd., CCC Oman Refinery Co. and Mitsubishi Heavy Industries with offices in Bahrain, Qatar and Oman and a corporate headquarters in Al Khobar.

**Non-Destructive Testing**

Gauges performance and efficiency of operations equipment through radiography, ultrasonic thickness measurement and magnetic particle testing services.

**Industrial Inspection**

Conducts extensive inspection activities in the piping, welding, coating, electrical, instrumentation, civil and structural, HVAC and telecommunications systems of industrial plants.

**Vendor Inspection and Expediting Service**

Performs quality and performance check on equipment and materials at the various stages of fabrication or manufacture.

**Construction Supervision**

Conducts site evaluation of work activities during the peak of construction stage.

**Pre- and Post-Weld Heat Treatment**

Performs pre- and post-weld heat treatment of welded components in carbon and alloy steel pipes and vessels.

**Tank Floor Mapping**

Carries out inspection of bulk storage tank floors to determine and correct defects, damages and corrosion rate.

**Materials Testing**

All-in-one materials testing service for fabrication and construction industries. Includes chemical composition, tensile strength, impact and failure analysis.

## THE AMSG WORKFORCE

The AMSG workforce. A pool of seasoned professionals, natural talents and skilled workers driven to succeed. Embraced by the common vision to deliver service excellence and the ultimate satisfaction to every customer. The inspiration, the main force behind the leadership status that AMSG enjoys today.

### The Human Resources

The very foundation for AMSG's success. A most treasured component of the company comprising of top professionals and skilled workers. From project engineers to carpenters, from IT technicians to housekeeping staff, from inspectors to administrative clerks. These are people honed by years of experience-- responsible, flexible and competent. The kind of people resources needed to make headstarts for AMSG.

### The Training Programs

AMSG believes in empowering people. From simple laborers to professionals of the highest caliber. After hiring, AMSG continues to develop the talents and skills of its people and harness their potential to the fullest. AMSG also involves its people in various manpower training and skills enhancement activities and encourages select employees to enroll in special courses at leading educational institutions.

### The Quality Policy

Quality has been a way of life at AMSG. An institution constantly in pursuit of excellence since its beginnings in 1948.

Since then, the company has sought to maintain the highest standards of quality in the course of its growth and in every aspect of its day-to-day operations. Guaranteeing desired quality levels from start to finish and in all stages of the production and the manufacturing process.

For AMSG, the goal of achieving excellence is an endless toil. It continues to elevate its standards of quality every time. Recently, the AMSG Quality Management Policy received global accreditation for its exemplary quality standards and paved the way for the realization of an ISO 9000: 2002 Certification and a special recognition with a UKAS 005 award. A new standard of excellence that will create an indelible mark in the global industry and bring more rewards for the company.

### The Safety Programs

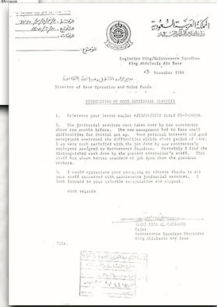

AMSG strongly values its workforce. The management enforces a Safety Program to keep a tight watch on individual safety and security. Through the program, workers can perform their duties with utmost safety, comfort and peace of mind in the most hazardous work environments.

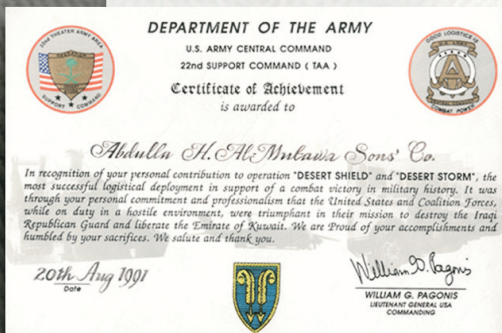

WE ADD VALUE...  
WITH SERVICE THAT SHINES.

Clients attest to AMSG's distinctive service. From Saudi Aramco to the US Army, our brand of service sparkles with excellence. In everything we do, we make sure that *"the customer always comes first"*.

AMSG received the highest honors in the prestigious SEC-ERB Best Performance Contractor Award for General and Engineering Services for two consecutive years, 2000 and 2001, ranking 1st and 2nd places respectively.

## AMSG's QUALITY POLICY

The quality policy of Abdulla H. Al Mutawa Sons' Company with respect to its activities comprising Contracting, Construction, Environmental Management, Information Technology, Shipping & Logistics, Instrumentation, Fiberglass and Solid Surface Manufacture, Transportation, Catering and Restaurants and General Trading is as follows:

Our Quality Policy is to provide our customers high quality products and services which meet their requirements and comply with applicable regulations at competitive prices. Customer satisfaction is the imperative which guides our efforts. To achieve this, we have established a Quality Management System in accordance with the ISO 9001: 2000 standard, which underlies all the processes necessary to identify customer requirements and then produce the goods and services to meet said requirements.

Market requirements and expectations are continually changing, and therefore, we work closely with our current and potential customers, to understand and be able to anticipate new trends and offer them suitable products and services ahead of the competition.

The challenge of meeting market requirements in a world characterized by rapid technological changes can only be addressed through continual updating of scientific knowledge and management skills. To meet this challenge, we have initiated a system to continually improve the operation of each of our Divisions. We are continually setting new qualitative and quantitative targets for each Division within the Group, and suitable programmes are then implemented to achieve those targets.

Our mission is to set the highest standard for customer service and satisfaction in each of our respective activities.

ABDULHAMID A. AL-MUTAWA
