Objective

My career goal is to exchange ideas and generate constant inspiration with my team. Colorful illustration, typography and abstract art mark the first few obsessions of my life. I learn and i design through the eyes of a dreamer. I feel learning is key to inspiration and creativity, thus I am definitely an avid learner. People, places, events and surroundings inspire me to create ! simple,clean,creative these three words pretty much describe me.

I here by declare that all the information and work furnished above is true to the best of my knowledge.

Badr Mohammed Burshaid

President of the Saudi Chapter
Director, Project Management Office Department, Saudi Aramco

Degrees & Certifications

- Bachelor's Degree in Mechanical Engineering, KFUPM (With Honors), 2001.
- CII Executive Leadership Program, Houston, USA, 2017.

Professional experience focused on Project Management:

- Director of Saudi Aramco's PMI, responsible to oversee, manage, monitor and control a multi-billion dollar projects portfolio. This portfolio covers over more than 200 projects annually including Oil and Gas projects, Petrochemicals, Community and Infrastructure projects, Joint Ventures, maritime projects and other sectors.
- Completed 17 years of experience in project management in complex projects. His role includes working as a program director managing and executing a Mega Oil & Gas program.
- International Project management experiences in Egypt, UK and South Korea.
- Established partnerships with projects institutions including PMI.

Volunteer activities for non-profit organizations:

- Member of PMI's Global Executive Council.
- Member of the Saudi Council of Engineers
- Active participant in Technical Dinners and extracurricular events with PMI KSA and the local projects ecosystem.
- Active supporter for PMI-KSA Academy
- Providing a Keynote speech at PMI KSA Conference in Jeddah, KSA, 2019.

Short Message from the Board member:

As a member with the local chapter with strong commitment towards PMI's mission, vision and values, I plan to transform PMI KSA to a regional hub and a center of excellence for PM knowledge, empower the next generation of project leaders by sharing global best practices to unleash unparalleled opportunities and have regional and global impact in project management profession.

I will achieve this by Integrating knowledge of PMI and establish regional project strategic partnership with private, government, academic and non-profit organizations to have a deeper impact in Project Management.

Furthermore, I intend to engage project management professionals through learning, sharing and volunteering to effectively disseminate project management knowledge, products, resources and services to the door steps of practitioners from private organizations, government agencies, academia, training providers and individual members across the country.

As the president of the Saudi Arabia Chapter, I will make sure that the voices of its members are heard on a regular basis by ensuring that chapter bylaws and PMI bylaws are upheld, and transparency and accountability is exhibited throughout its leadership positions.

بجميع الأعضاء للانضمام إلي في تحية أعضاء مجلس إدارة PMI-KSA المعينين
