## OBJECTIVE

To secure a position in well-known organization which gives me chance to apply my best skills and improve my knowledge in pleasant working atmosphere.

## PROFILE

- I have 13 years of experience working with the largest engineering firm of Pakistan and KSA.
- Worked effectively as a team member and met stringent deadlines consistently through effective prioritization of workload and delivery schedules.
- Excellent multi-tasking, time management and interpersonal skills with a good command on more than two languages.

January, 2019 to  
June, 2020

### QC Inspector

Worked with **Descon Engineering Ltd** at Mehmand Dam Project (MDP-18) Pakistan as QC Inspector (Concrete Batch Plant).

June, 2015 to  
December, 2017

### QC Inspector

Worked with **Al-Shalawi Internatinal Holding Co.** at **ReadyMix Concrete Batching Plant 2<sup>nd</sup>** Industrial area Dammam Saudi Arabia as Quality Control Inspector.

May, 2013 to  
June, 2014

### QC Supervisor

Worked with **Al-Faisal Trading & Construction Co.** at different project in Makkah, Saudi Arabia as QC Supervisor.

January, 2010 to  
April, 2013

### QC Supervisor

Worked with **Techno International (Pvt) Ltd** at Mangla Dam Raising Project (MDR-36A) Pakistan as QC Supervisor.

June, 2008 to  
December, 2009

### Lab Technician (Asst. Supervisor)

Worked with **Descon Engineering Ltd** at Mangla Dam Raising Project (MDR-10) Pakistan as Laboratory Technician.

## Duties and Responsibilities

- Responsible for the Supervision of field quality control activities and shall coordinate project quality control efforts to ensure the project and standard specification are obtained.
- Review inspection/test procedures for each category of work prepared by the Client/Engineer.
- Responsible for the Implementation of QA/QC as per specified In the Plans and Specification.
- Coordinate with Laboratory Manager concerning all the quality matters obtained during operation and material testing on aggregates, soil, concrete and asphalt to be use for construction.
- Perform regular internal calibrations, equipment calibration and maintenance, and all other aspects of the quality system as and when required.
- Materials testing performed such as:

## SOIL SECTION

Particle Size Distribution / Sieve Analysis, Moisture Content ,Hydrometer Test, Maximum Dry Density, Laboratory CBR ,Atterberg Limit  
Dynamic Cone Penetration, Field Density Test, Plate Load Test  
In Situ California Bearing Ratio, Proctor Test, Specific Gravity of soil, F.D.T with Nuclear Densometer (CPN), etc.

## AGGREGATE & CONCRETE SECTION

Los Angeles Abrasion, Soundness Test, Flat and Elongated Particle, Clay Lumps, Impact Value, Slump Cone Test, Initial Setting by Penetration, Flexural Strength, Axial Strength , Unit Weight, Specific Gravity, Sieve Analyses, Cubes & Cylinder Testing, Sand Equivalent Test, Air Content, Unite Weight of Fine & Coarse Aggregate. F.D.T & Vebe Time of RCC, , Tensil & Bend test of Steel, Testing of Bricks, etc.

## ASPHALT SECTION

Penetration Test on Bitumen, Extraction of Bitumen, Marshal Mould, Theoretical Maximum Specific Gravity of Mixture Asphalt, Density of Asphalt Paved Cored Samples, Tensile Strength Ratio

## EDUCATION

D.A.E (Civil) from BSTE Islamabad.  
F.Sc from BISE Abbottabad  
SSC from BISE Abbottabad.

**COMPUTER SKILL**

4<sup>th</sup> month Computer (Software) Course  
4<sup>th</sup> month Computer (Hardware) Course  
6<sup>th</sup> month AutoCAD (Civil) Course

**TRAINING COURSE**

Section training of First Aid  
Section training of Good House Keeping  
Section Training of Fire Fighting  
Section Training of Solid Waste Management

**Note:** All the Training Courses have been passed from DESCON Eng. Ltd.

**PERSONAL INFORMATION**

Father Name: Muhammad Nazir  
Religion : Islam  
Date of Birth: 04-09-1984  
CNIC : 13101-3249704-9  
Passport: AK 1157043  
Valid LTV License of Pakistan & KSA

**LANGUAGES**

Excellent in reading, writing, speaking English, Arabic, Urdu and Punjabi.

**REFERENCE**

Will be furnished on demand
