Khaled Ahmed

HIGHLIGHTS:

Seeking for a job that matches my educational qualification and skills within growth-oriented corporation.

SKILLS & COMPETENCIES:

- Strategic agility and fast/suitable decision-making process.
- B. Sc., Science, (Geology / Geophysics) Department, fresh graduated 2018
- The ability to work in a changing environment in terms of emerging problems and finding solutions to them.
- The ability to quickly and decisively find solutions of business problems and ensure that these problems do not recur again in the future.
- Follow the movement of the commercial market by making friends with competitors and get benefits from each other later.
- The ability to bring out the work energy of the subordinates in a good manner with conviction.
- Communicate effectively with team members and other staff.
- The ability to lead my colleagues at work professionally and convince them of the job tasks assigned to them.
- The ability to work with different nationalities and respect each person's culture.
- Take ownership of tasks.
- Ability to pay close attention to details.
- Strong concept development and brainstorming skills.
- Highly organized and strong neuromuscular compatibility.
- Good knowledge of Microsoft and AutoCAD programs.
- Saudi and Egyptian driving license.

KEY ACHIEVEMENTS:

- Shifting financial path of shindy-link's company from loss to profit in three Months of hard work.
- Increasing sales of Abd al-Bari Medical Supplies company by 30% within five months, through a severe market crisis due to the Corona pandemic, and change of the company's suppliers to cheaper suppliers of the same quality through several trips across the Arab Republic of Egypt.
- Learn different fields of work far from my field of study quickly and excel in them.

Objectives

- Work in oil search and exploration companies.

- Work in groundwater search and exploration companies.
- Work in soil measurement companies.
- Work in concrete and cement companies.
- Work as a Quality Control or HSE Engineer or Inspector in any field.
