"I am seeking an opportunity to merge my initiative, the enthusiasm with **14+** Years of proficiency, to add value, both to the organization and myself. To aim at expanding my horizons and developing skills in the field of "**Industrial & Health Safety Management**" and to work in a dynamic environment that provides opportunities for my growth."

Area of Expertise

- Safety Audit
- Accident Investigation
- Health & Safety
- HSE Management
- Constructional Safety
- Industrial Safety
- HSE Planning
- Hazard Management
- Risk Assessment

Synopsis

- Knowledge of safety procedures, engineering systems, principles, and methodologies.
- Experience of providing safety supports to working site facilities-Potential of preventing workplace safety hazards by following safety routine inspections.
- Expertise in providing training, updating documenting policies and investigate unsafe conditions - Inspect, plan safety arrangements at workplaces.
- Assist facilities with all safety health regulation and follow the company's guidelines.
- Good knowledge of safety procedure in OSHA standards, and QCS 2014 standard.
- Knowledge of national and international safety laws/regulations and regulatory agencies' processes and responsibilities, industry standards/practices for safety and health compliance, and best management practices for minimizing potential safety risks during project execution.
- Knowledge of hazardous materials and physical risk exposures and Personal Protective Equipment standards as well as People-Based Safety processes & procedures.
- Experience in managing and/or providing technical oversight of safety and/or health contractors or consultants.
- Experience in safety inspections/assessments during construction. Prior practical work experience in office settings (e.g., managing safety and health programs, budgets and staff) and field locations (e.g., construction execution and/or operating facilities) performing the responsibilities listed above.

Experience

ETS,Qatar

FEB 2019 – DEC-2021

Safety Officer

Client: Qatar chemical tanks project/ (Qatar Petroleum-Dukhan Location)

- Assist the Safety Manager / Senior Safety Engineer in the implementation of total project safety management systems by adopting the safety and health standards to assist personnel in the recognition, evaluation, and control of potentially hazardous activities.
- Support the development of project-specific HSE management plans, risk management plans, safety awareness training programs, and technical reports.
- Provide recommendations and input for revising safety procedures, work processes, and other quality improvement measures.
- Prepare reports for safety-related matters
- Assist in reviewing work method statements, Job Hazard Analysis, Safety Certification and other related documents submitted by Project Consultants and Contractors.
- Provide technical support to safety studies, health assessment studies, and project risk assessments.
- Supervise and coordinate with contractors to achieve the Project Overall Safety goal.
- Recommend appropriate solutions and propose changes as necessary.
- Attend meetings with contractors, subcontractors, and vendors to review HSE progress on a frequent basis as required.
- Analyze and address critical areas and provide prompt solutions.
- Monitor all related activities within project(s) site(s) and conduct regular inspection to ensure that the work is being carried out in line with approved JSA, Risk Assessment, Method Statement and approved Permit to Work System as well as the latest instructions.
- Perform field inspection. Identify and implement risk reduction measures in all areas and phases of construction.
- Promptly initiate any NCR (Non-Compliance Report), specify corrective and preventive actions and follow up to ensure compliance.
- Recommend stopping work in dangerous situations or conditions having imminent adverse OS&H impact.
- Stipulate acceptable work practices that are to be implemented before the work can be resumed.
- Carry out accident/incident reporting with complete coverage through sketches, photos, videos, and comprehensive narrative.
- Undertake and coordinate accident / incident investigation.
- Conduct safety audits on the project involving all parties to ensure compliance with safety plans and policies and advise corrective actions and follow-up on the suggested actions to ensure proper implementation.
- Participate, as directed by Management, at hearings or litigations involving recent or past injuries, accidents or work-related illnesses that occurred on projects, facilities.

- Manage and implement improvements in adverse working habits, employee performance, maintain improved performance, follow up actions to solve employee or work-related problems.
- Assist in HSE training of ETS and contractor's personnel involved in the project(s) and Participate in the development of Qatari Trainees.
- Assist to manage the operational direction and functional supervision of the medical, first aid treatment facilities on multiple projects.
- Coordinate provision of Personal Protective Equipment (PPE) to ensure every personnel on-site is appropriately equipped for full compliance to personal safety requirements. Ensure that the first aid kits are complete. Manage inspection and testing of fire fighting and fire safety equipment.
- Maintain contact, as appropriate, with government regulatory and resource agencies to obtain current information on new regulations, program initiatives, and technical requirements and standards. Maintain contact with other safety personnel to keep them informed of changing requirements and to provide technical assistance.

Madina Group WLL, Qatar

JAN 2018 TO MAR 2018

Safety Technician **MADINA GROUP**
Operational Excellence

- Made arrangement for the marking of shutdown Assembly Point Area, Smoking Shelter and displaying Safety slogans, banner at the conspicuous Give proper safety instructions for focusing the scope of work.
- Conducting safety meetings, TOOLBOX TALK.
- Carrying out a daily safety inspection to identify the unsafe working condition, unsafe work practices, and unsafe equipment.
- Implementation of a safe system of work & procedure, responsibility for the role in the organization
- Conducting steer committee for risk assessment.
- Making sure that all equipment's and tools are properly inspected by authorized personnel's & adequately color-coded.
- Check area against weekly checklist (Daily checklist) provision of a safe place of work.

Kadevi Engineering Company Pvt Ltd(Rolling Mill for Steel Structures), Hyderabad

FEB 2016 TO MAR 2017

HSE Safety Officer

- Prepare emergency plans and ensure their implementation as per the company's policies and procedures.
- Prepare safety regulations and guiding signs.
- Prepare summary report of Safety Patrol and Barricade Information of each region and coordinate to responsible line manager if deviations with standards are observed.

EXPERIENCE CERTIFICATE

To whomsoever it may concern

This is to certify Mr. Kamaldeen has been working with our company as assistant safety officer for the period from 24th August 2010 to 23rd July 2014. During his tenure we found him very hardworking and sincere in his duties, simultaneously he has completed the course on OSHA-managing safely

He has quite a capacity in this area. During his team work he was very hard working and efficiency. He was able to perform all the responsibilities as assigned. In our opinion, he was such a motivated duty bond and highly committed team member that this knowledge was quite a valuable asset to our company

We wish him all success in his future endeavours.

Yours faithfully,

For Oiltech Engineering Limited

Capt. Rahul Sharma
Sr. VP - HR

TO WHOMSOEVER IT MAY CONCERN

It is our pleasure to write on behalf of **KAMALDEEN NURUL AMIN** who has worked with **ARGON GLOBAL W.L.L Construction and Maintenances Project** in the capacity of **HSE Safety Assistant** from **MAY 3 2009 TO JUNE 10 2010.**

During this tenure of his work **KAMALDEEN NURUL AMIN** remained dedicated to his work. We found him active in whatever task we provided. He is professionally sound, hard-working and a devoted staff member.

I would like to reflect over his conduct during his stay with us. He has remained sincere, reliable, trustworthy, sociable, pleasant and open to challenges. He has a pleasant personality and can efficiently work in a team.

We wish him all the best in his future endeavors.

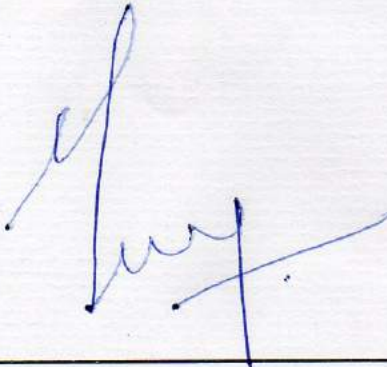

ABDUL GAFOOR
CEO / DIRECTOR of Argon Global W. L. L
