TOTAL EXPERIENCE : 19 YEARS IN QUALITY ASSURANCE & QUALITY CONTROL

DATE OF BIRTH : 24 January 1973

NATIONALITY : Indian

EDUCATIONAL QUALIFICATION:

- BACHELOR OF ENGINEERING MECHANICAL
- ASNT NDT LEVEL- III IN UT/RT/MT/PT
- SENIOR WELDING INSPECTOR CSWIP-3.2 FROM TWI U.K (Under Renewal)
- ASNT NDT LEVEL- II IN VT
- ISO9001:2008 IRCA RECOGNIZED LEAD AUDITOR
- SAUDI ARAMCO APPROVED QA MANAGER

LIST OF EXTERNAL QUALITY AUDITS CONDUCTED

- External Procurement Quality System Audit conducted on Carlo Gavazzi Arabia Ltd., Sub-Contractor to Bonatti SPA on behalf of Bonatti on 31 August 2010 at Carlo Gavazzi head office Jeddah for BI-10-03263.
- External NDT Quality System Audit conducted on NDT Vendor & Service provider Al-Mutawa Samyog Co. Ltd., NDT Vendor & Service provider to Bonatti SPA on behalf of Bonatti on 19 September 2010 at Al-Mutawa Samyog Co. Ltd. branch office Abqaiq for BI-10-03263.
- External Procurement Quality System Audit conducted on Gulf Heavy Industries Co. Ltd. Vendor for supplying Pressure Vessels to Bonatti SPA on behalf of Bonatti on 02 April 2011 at Gulf Heavy Industries office Jubail for BI-10-00441/00470.
- External NDT Quality System Audit conducted on NDT Vendor & Service provider Al-Mutawa Samyog Co. Ltd., NDT Vendor & Service provider to Bonatti SPA on behalf of Bonatti on 31 March 2011 at Al-Mutawa Samyog Co. Ltd. branch office Abqaiq for BI-10-03263.
- External Procurement Quality System Audit conducted on INMA Steel Fabricators Co. Ltd. Vendor & Fabricator for supplying Pressure Vessels to Bonatti SPA on

behalf of Bonatti on 11 April 2011 at INMA Steel Fabricators Co. office Jubail for BI-10-00441/00470.

- External Construction Quality System Audit conducted on Carlo Gavazzi Arabia Ltd., Sub-Contractor to Bonatti SPA on behalf of Bonatti on 17 April 2011 at Carlo Gavazzi Site office Mubarraz for BI-10-03263.
- External Construction Quality System Audit conducted on Carlo Gavazzi Arabia Ltd., Sub-Contractor to Bonatti SPA on behalf of Bonatti on 18 April 2011 at Carlo Gavazzi Site office AbuAli for BI-10-00441/00470.
- External NDT Quality System Audit to be conducted on NDT Vendor & Service provider Al-Mutawa Samyog Co. Ltd., NDT Vendor & Service provider to Bonatti SPA on behalf of Bonatti on 28 April 2011 at Al-Mutawa Samyog Co. Ltd. branch office Jubail for BI-10-00441/00470.

QA SKILLS

- Preparing Quality Plan as per QMS ISO-9001-2008
- Performing Vendor & Sub-Contractor External Audits & company Internal Audits to check the proper function & implementation of Quality Management System
- Implementation of Quality Management System as per ISO-9001-2008 Requirements.
- Preparing & reviewing Quality Plans & implementing ISO-9001:2008 QMS
- Quality Management includes Organization, inspection, planning, supervision, documentation.
- Implementation of applicable SATIC, SAIC in project.
- Identifying Quality improvement opportunities and have the ability to achieve results through motivation and team work.
- Taking proactive measures & awareness of quality requirements to avoid Quality violation.
- Proficiently skilled in Procurement/Construction/Fabrication works.
- Implementation of Schedule Q & Saudi Aramco Standards in project.
- Reviewing log book entries & giving response within 48hrs. & taking corrective & preventive action.
- Excellent communication, coordination & customer management skills.
- Conversant with codes & standards used in Oil & Gas Industry Onshore.
- Overall Supervision of Procurement of materials and vendor inspectors, construction quality inspectors related to piping, pressure vessels, tanks, civil, electrical, instrumentation, welding & NDT.
- Interpretation and implementation of mandatory codes, standards and specifications.

Email supportservices@suwaiketss.com

- Preparing Quality Assurance / Control Procedures, Inspection & Test Plans, Welding Procedures & Procedure Qualification Records.
- Reviewing NDE Procedures RT/UT/MT/PT & submitting to OID for approval.
- Reviewing PQR Mechanical Tests such as Tensile Test, Charpy Impact Test for low Temperature Materials, Bend Tests & Welder Qualifications.
- Review of certificates, Inspection and test plans, and final acceptance of data packages.
- Attending QA/QC meetings and resolving quality related issues with Client & Construction.
- Planning for deployment of QA/QC inspectors & assignment of Vendor inspectors.

DETAILED EMPLOYMENT HISTROY

COMPANY	YEAR	PROJECT/SCOPE OF WORK	POSITION
CAT Co.	Jan 2015 to Dec. 2015	Safaniyah Expansion project, Saudi Aramco, Safaniyah.	QA Manager
Dragados Gulf Construction Ltd	Jan 2014 to Dec 2014	Loading Rack facilities project Saudi Aramco in Rastanura	QC Manager
Technip Saudi Arabia Ltd	January 2012 to Dec 2013	Saudi Aramco Total Refinery Package-2A Al-Jubail, Saudi Arabia	NDT Level-3 RT/MT/PT
Bonatti SPA	April 2010 to Dec 2011	Upgrade Flare for UGP & SGP	QA Manager
Al-Osais Contracting Co.	Feb 2010 to March 2010	Manifa Industrial Support Facilities, Manifa, Saudi Aramco	QA Manager
Bechtel & Technip Joint Venture	Sept 2009 to Jan 2010	Khursaniyah Gas Plant Khursaniyah, Saudi Aramco	QC Supervisor
Al-Suwaidi Industrial Services	Aug 2009 to Sept 2009	O & M Project, Qurayah Plant, Saudi Aramco	QC Manager
Arabian Turkish Construction Co	Sep 2007 to Mar 2009	JANA Expansion Project, Jubail K.S.A.	QA/QC Manager
Arabian Gulf Construction Co.	Jan 2007 to August 2007	Sharq Third Expansion Project, Jubail K.S.A.	QA/QC Manager

Tel.: 03 814 6222 Fax: 03 858 0916
Email supportservices@suwaiketss.com

- Conducting & Arranging Internal Audits to verify effectiveness and implementation of QMS, ISO 9001-2008 and customer requirements.
- Conducting & Arranging Internal Audits at 15% and 60% of progress related to Design, Procurement & Construction as per Schedule 'Q' requirements.
- Conducting External Audits on Vendors, Suppliers, Sub-Contractors & NDT Service provider as per Schedule Q & Quality plan requirements to verify effectiveness and implementation of QMS, ISO 9001-2008 and customer requirements.
- Preparing Audit reports and issuing CAR's if there is non-conformance with ISO-9001-2008 Clauses and Schedule Q requirements.
- Preparing special process procedures such as Welding, NDT, Hydrotesting, Concreting Etc. & getting approval from Saudi Aramco before starting of any activities.
- Interviewing & hiring Vendor inspectors and QC Inspectors as per Schedule 'Q' attachment I, VI requirements.
- Attending weekly procurement meeting, quality meeting and progress meeting with clients and subcontractors.
- Reviewing vendors and subcontractors Quality Plans & Technical Data and supplier & subcontractor approvals as per Schedule 'Q' requirements.
- Reviewing material requisition and verifying all quality requirements are addressed and affixing signatures.
- Reviewing inspection assignment package and verifying all quality requirements are addressed as per Schedule 'Q' requirements.
- Arranging Pre-Inspection meeting with vendors & clients at vendor location prior to starting of work.
- Arranging Inspectors for final inspection prior to shipment or release of any product.
- For Saudi Aramco NCRs identifying root cause, taking Corrective and Preventive action on Non-Conforming Materials and products on time and closing NCR's on time.
- Preparing & Reviewing Monthly Quality Management report as per Schedule 'Q' requirements & Submitting monthly to Saudi Aramco.

DUTIES & RESPONSIBILITIES AS A QA/QC MANAGER

- Preparing and implementing Quality plan in project.
- Performing Vendor & Sub-Contractor External Audits & company Internal Audits to check the proper function & implementation of Quality Management System
- Implementing in project ISO-9001-2000 Mandatory Documented Procedures
- Control of documents, control of records, Internal Audit, control of non-conforming Products, Corrective Action and Preventive Action.
- Identifying Quality improvement opportunities and have the ability to achieve results through motivation and team work.
- Performing Internal Audits to verify effectiveness and implementation of QMS and ISO-9001-2000.
- Controlling non-conforming products by issuing Non-conformance reports and segregating it to Quarantine area and taking corrective and preventive action.

- Maintaining ISO-9001-2000 Mandatory records Training records, Management review records, Identification and traceability records, Equipment and tools calibration records, Internal Audit records along with other process related records.
- Preparing two week ahead schedule for quality related planning and submitting it to client and internal distribution.
- Reviewing WPS & PQR Mechanical Tests
- Reviewing Welders Qualification Test & Qualify Welders.
- Reviewing of Interpreted Radiographic Films according to ANSI B31.3 & ASME Sec V
- Reviewing of Magnetic Particle & Dye Penetrant Test Report
- Reviewing of Hardness Test Report
- Reviewing of PMI Reports
- Reviewing of PWHT Charts
- Checking of all QA/QC Documents for Hydrotest.
- To lead contractors Team in QA/QC & Department Coordination Meetings.
- Supervising & giving Technical guidance to Welding Inspectors, Piping Inspectors, NDT Inspectors, Civil Inspectors, Equipment Inspectors & Electrical Inspectors
- Assigning all QC Inspectors area wise to each location as per Schedule 'Q' Requirement
- Interviewing & hiring QC Inspectors as per Schedule 'Q' Requirement
- Performing Internal Audit at 15% completion of project & 60% completion of Project to check the effective implementation of the System.
- Performing Internal Audit as per Schedule 'Q' requirement
- Preparation of quality plan, procedures, Quality System implementation, direction, client QC transmittals, submittals & approvals
- QC work planning with subcontractors and clients
- Coordination of quality meeting with client and internal meeting, representing QA/QC section, attending construction meeting, progress meeting
- Tackling critical issues suggesting and solving QA/QC problems with client.
- Regular meetings with subcontractor and client
- Motivating subordinates and getting fruitful work from them
- Discuss and resolve with client areas concerning technical matters affecting construction, material issue, project schedule and vendor issues
- Conduct weekly internal coordination meeting with all discipline supervisors to identify problems in the ongoing construction and QC activities to frame out possible immediate solution
- Review of reports related to QC department & the management relevant to project progress status, inspection manpower, impending problems and issue recommendations

Remarks

MPII acknowledged the corrective actions taken and has already closed-out NCR#506003752 in the SAP System. The Contractor however is reminded of the following:

- The QA Manager - Mr. Muhammad Sadiq was approved on a temporary basis for 3 months (see attached mail from VID). If the Contractor intends to replace Mr. Sadiq, the candidate needs to be evaluated and approved prior to the end of the period mentioned.
- The GC Manager - Mr. Jose Anthony Jayno was granted conditional approval for 3 months and shall be re-evaluated by April 24, 2010 (see MPIS-CC-450-0007-TG-10/2010).

For further clarifications, please contact the undersigned at (03)379-4008.

Attention: A.A AL-RUWAIL, Project Engineer

REFERENCE: HDGP-PPD-L-0318/02

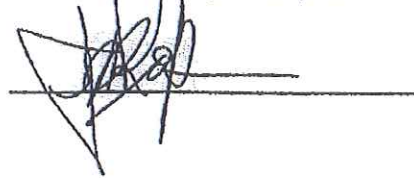

The contractor has today presented Mr. Mohammed Sadiq for oral interview for the position of "Piping/Welding Inspector", as requested in our letter reference HDPIS-L-158/2002. HOPIU advises that the candidate demonstrated sufficient knowledge of welding and piping inspection techniques, applicable national codes or Saudi Aramco Engineering standards to be considered for the position, and is therefore approved to assume his duties on site.

Please be reminded that all approved Contractor QC Inspectors on this project will be subject to continuous assessment by HOPIU during construction. If at any time there is reason to believe that an individual is not performing in a manner which ensures satisfactory implementation of the Contractor's approved Quality Plan, Saudi Aramco Standards, National or International codes, HOPIU reserves the right to revoke his approval and remove him from any further duties and responsibilities for the duration of the project.

Should you have any questions or require clarification, please feel free to contact the undersigned at the numbers indicated above, or Jim Dornan at 577-5842 Ext. 117

CERTIFICATE OF SUCCESSFUL PROJECT COMPLETION

Date : 05/04/2009

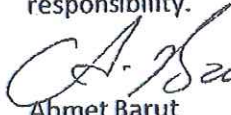

I hereby confirm that **MR. MOHAMMAD SADIQ** has been worked as a **QA/QC MANAGER** for Hassad Expansion Project for JANA Jubail Chemical Industries Company (Epoxy Petrochemical Plant) for ATCC-USTAY JV (MISCO), Al-Jubail, Kingdom of Saudi Arabia from **28/09/2007 to 05/04/2009**.

Hassad Project consists of 04 Major Units: Allyl Alcohol Plant (AAL); Epichloro Hydrine Plant (ECH); Calcium Chloride Plant (CCL) & Utilities & Offsite Unit (OSBL).

In his position as QA/QC MANAGER, he was responsible for preparing Inspection & Test Plans, Quality Procedures, Audits & Turnover dossiers related to Structures, Piping, Welding, Static Equipments, Rotary Equipments, Electrical & Instrumentation. He was responsible for attending Quality Meetings and re-solving quality problems with client. He was also managing and assigning QA/QC Inspectors and Engineers consist of Structures, Piping, Welding, Static Equipments, Rotary Equipments, Electrical and Instrumentation to complete the project in schedule and with quality.

MR. MOHAMMAD SADIQ has proved himself to be competent in managing the QA/QC Department in our company. He has very good relations with other department Managers in our office.

I have no hesitation recommending MR. MOHAMMAD SADIQ for employment in a similar role and am issuing this certificate in recognition of his **SUCCESSFUL COMPLETION OF THE HASSAD PROJECT**. We are issuing this document on his personal request without any responsibility.

Ahmet Barut

03-February-2007

To Whom It May Concern:

This is to certify that Mr. Mohammed Sadiq worked with us as Project QA/QC Manager for the Sharq 3rd Expansion Project from 15-January-2006 to 27-December-2006.

The scope of work consists of 2 double wall low temperature tanks, 3 spheres and 13 miscellaneous storage tanks including 2 stainless steel tanks.

During his time with us, Mr. Sadiq proved to be knowledgeable, efficient, hard working and decision making in all issues related to his responsibilities. We wish him all the best for his future assignments. We are certain that he will prove to be an asset to any company.

LETTER OF RECOMMENDATION

TO WHOM IT MAY CONCERN:

This is to confirm that **Mr. Mohammed Sadiq** has successfully performed his duties as **QC – Welding Inspector**, on the HDGP Downstream Gas & Condensate Pipelines Project from March 20, 2002, to May 10, 2003.

Mr. Mohammed Sadiq proved himself to be knowledgeable, conscientious and trustworthy individual.

Mr. Mohammed Sadiq leaves this project with our thanks and best wishes for his further career and we have no hesitation in recommending his services to any future employer.

Gerald Gonsalver
TPSA QA/QC Manager

Voiker Seewöster
Acting Project Manager

SAUDI TECHINT LTD.

Hawiyah Inlets & Auxiliary Facilities Project

Certificate of Appreciation:

This is to certify that Mr. Mohammed Sadq worked with us as a QA/QC Piping and Welding Inspector since April 10th, 2000 till today. During his tenure he shouldered various responsibilities as assigned to him sincerely and honestly.

He has a vast experience in the field of Inspection for Welding, NDT and Piping Job. He was alone responsible for checking, inspecting, and suggesting remedies for the errors and was guiding a team consisting of Welding & NDT Inspectors plus Piping & Installation Inspectors.

Apart from his activities he was joining with us in Weekly QA/QC Meetings, and Internal Coordination Meetings as well.

He also conducted Welder's Qualification Test jointly with 3rd Party (Al-Haty) in 6G & 3G positions.

As per our record, he is of Good Nature and his job performance was really an asset to our company. All the time his conduct, diligence and efficiency were excellent. He has a pleasing helpful nature and found regular on his duty.

More over he has a calibre of working in high-tension environment and also capable to tackle the problems in a very gentle way. We are sure that with this type of qualities he will be also an asset to any organization where ever he wants to join.

This certificate it may serve him best. We wish him good luck in his future and some other job.

AL-JUBAIL SITE - TGU / GT PROJECT
SASREF GATE # 4

DATE: 31ST MARCH 2000

TO WHOM IT MAY CONCERN

This is to certify that **MR. MOHAMMED SADIQ** has been employed as a "PROJECT WELDING INSPECTOR" for **SAUDI ARAMCO SHELL REFINERY COMPANY (SASREF)** TGU/GT Expansion Project, Al Jubail, Kingdom of Saudi Arabia from April 1999 to March 2000.

SASREF new TGU/GT plant is composed of a Thermal Gas Oil Unit (TGU), a Conventional Refinery Unit, in combination with 42MW Gas Turbine Generator Set (GE-FRAME6) with Duct Fired Heat Recovery Unit (HRU).

RESPONSIBILITIES:

1. Inspection of all Welding Activities
2. Reviewing of WPS & PQR
3. Witnessing PQR Mechanical Tests
4. Witnessing Welders Qualification Tests & Qualifying Welders

NDT ACTIVITIES:

Radiography Films interpretation according to Code ANSI B 31.3 & ASME Section 5.
Reviewing of Magnetic Particle & Dye Penetrant Tests Reports.
Reviewing Post Weld Heat Treatment Reports
Witnessing & Reviewing of Hardness Test
Checking of all QA/QC documents for Hydro Tests.

During the above period, we found him well experienced, very knowledgeable, diligent, and reliable in the above-specified field.

He is extremely capable for carrying his responsibilities without any hesitation. He was found sincere and hard working. We would not hesitate to recommend him for similar position strongly.

We wish him all success in his future endeavor.
