SUMMARY

As a recent Civil Engineering graduate, I am enthusiastic about securing a stimulating role in a dynamic organization. I aim to apply my engineering knowledge and procurement skills using ERP software to contribute to the company's success while enhancing my abilities and gaining valuable industry experience.

WORK EXPERIENCE

PROCUREMENT ENGINEER

Nabil A Abu Nhaya & Partner Co.

Mar 2023 - Present

- Efficiently managed digital issuance and tracking of company purchase orders through ODOO ERP while effectively overseeing inventory levels.
- Cultivated robust vendor relationships throughout my career, enabling strategic sourcing of materials at competitive prices.
- Proficient in handling purchase orders from prominent entities such as SABIC, RC, and ARAMCO.
- Demonstrated the ability to prioritize orders based on their urgency, ensuring timely fulfillment of critical requirements.

TRAINEE (INTERNSHIP)

Keller Turki Co. Ltd

June 2022 - Aug 2022

- Site Visit to SEVEN Project in Eastern Province
- Daily Report of Machinery Entering the Site
- Visited the Company's Yard of Machinery's for Soil Improvement
