EDUCATION

- **Bachelor's Degree in Agricultural Engineering (Irrigation Engineer) at King Saud University**
Riyadh, Saudi Arabia 2017

WORK EXPERIENCE

- **Project manager (Maintenance Engineer) at Build Engineering Co. Riyadh, SA:**
Jul 2018 – Present

As a project manager in the electromechanical field, I piloted and stimulated project teams to meet performance standards with the aim of completing project within budgetary and time constraints. I strengthened relationships with clients and maintained consistent communication to achieve optimal customer satisfaction. Conducted meetings to explain projects scope, deliverables, timelines, and goals.

- Operation & maintenance firefighting and fire alarm systems in Riyadh prisons (Project manager- 1 year contract).
- Operation & maintenance firefighting and fire alarm systems in Riyadh prisons (Project manager -3 years contract).
- Install & supply gas extinguishing system FM200 for state security for several cities in the kingdom (project manager)
- Install & supply UPS system for state security for several cities in the kingdom (Project manager).
- Install firefighting and irrigation network – MCS-MCX staff housing compound king Abdul-Aziz medical city at National guard hospital (Project manager assist).

- **Tendering Engineer Fuad Al Fadhili Trading co. | Riyadh, SA:**
Jan 2018 – May 2018

My duty was as a Tendering Engineer to work within the Advance Engineering Group and with the Company Management Team to develop an order winning strategy. To manage the preparation of proposals for a range of bespoke products by co-ordinating the activities of the AEG, Sales & Engineering Teams.

- **Project Graduation King Saud University | Riyadh, SA:**
Sep 2016 – Dec 2016

Assessment and accreditations of micro irrigation system by using the Australian and Saudi products (Excellent grade).
