To seek and maintain a full-time position that offers professional challenges utilizing interpersonal skills, excellent time management and problem-solving skills in the field of computer science.

WORK EXPERIENCE

Backend Developer (Intern)

King Abdulaziz University | June 2019 - August 2019

- Built an application following the agile methodology scrum for web applications.
- Proved successful working within tight deadlines and fast-paced atmosphere.
- Utilized such technologies as Laravel backend to develop a new questionnaire application.
- Contributed ideas and suggestions in team meetings and delivered updates on deadlines, designs and enhancements.
- Performed software testing to uncover bugs and troubleshoot technical issues prior to application launch.
- Corrected, modified and upgraded software to improve performance.
- Monitored and updated back-end data by inter-communicating between Laravel Backend and MySQL.

EDUCATION

Bachelor degree of science in Computer Science

King Abdulaziz University | 2021
