**Consultant** : James Cubitt & Partners Consultant

### Previous Career History

From – To : February 2007 – May 2009

Company : Samsung Baytur JV

Role : HSE Officer

**Project** : **Boulevard Plaza, BD 12 & 13, Dubai, UAE**

Downtown Dubai is adding more commercial space to meet the increasing demand for prime office space in the heart of Dubai. Response to the office space offered by Burj Dubai Square and The Old Town Island has been encouraging. Boulevard Plaza will be an added draw for regional and international businesses looking for a central location in Dubai that also features residences, hotels and retail facilities in close proximity.

Boulevard Plaza is a development built on the elegant architectural mix that surrounds Burj Dubai Boulevard. The towers are inspired by the veils and layers of traditional Islamic architecture and will be made of glass, metal and stone skin. They will bend inwards as they rise to form two deep-shadowed arches offering sweeping views of Downtown Burj Dubai.

Boulevard Plaza 2 is one of the two commercial buildings offering shell and core and even fitted office spaces. It is also just a few minutes' walk from Dubai Metro Station.
