

# Maryam Aljarrash

Biomedical Engineer

Saudi Arabia – Eastern Province

Phone: (+966)-542 15 2077

E-Mail: M.jarrash97@gmail.com

## Career Objective

Highly motivated fresh graduate with biomedical engineering knowledge. Seeking a career opportunity to utilize my engineering skills with medical devices and provide a significant contribution to the success of my employer. Willing to work hard in a challenging environment with a purpose of growth, knowledge, and creativity, to achieve organizational goals.

## EDUCATION

2020 \ Jun

Imam Abdulrahman bin Faisal University (Dammam, Saudi Arabia).

**Bachelor of Science (BSc) in Biomedical Engineering (BME).**

GPA: 4.304 / 5 (2<sup>nd</sup> Honor)

## CERTIFICATES

2021 \ May

Professional Classification - Medical Device Specialist (SCHS)

## KEY SKILLS

- **Microsoft Office** (Word, Excel, PowerPoint).
- CAD Software (**SolidWorks, AutoCAD**).
- **MATLAB** Software.
- Active and Fast learner.
- Problem Solving.
- Team Worker.
- Time Management.

## EXPERIENCE

Jun 2019 – Aug 2019

Internship • Gulf Medical Company, Ltd.

- Trained in **Sales and Marketing**, and **Service Maintenance** departments.
- Setting up infusion pumps and syringe pump at the company's warehouse.
- Gained experience in planning the central sterile services department (**CSSD**).
- Gained knowledge about washer disinfectant, steam sterilizer, Lithotripsy, Laparoscopy, digital operating rooms (OR), Intra beam.
- Attended a **preventive maintenance (PM)** of: Shock Wave therapy device at Mouwasat hospital, Dammam, and Intra beam at king Fahad University hospital.

## Courses

- 2020 \ Jun – **Quality Management System (QMS)** of Medical Devices (**ISO 13485**) Online Course by Saudi Biomed Group.

## Academic Projects

- Collaborated in a team to design a **Patient-Controlled Physiotherapy (PCPT)** For the Elbow Range-Of-Motion (Senior Year project).
