Experiences:

1. Analytical Chemistry Lecturer at Alfajr College for Sciences and Technology, Pharmacy program, pharmaceutical chemistry department since November 2021 to August 2022 (part timer):
 - a. Teaching practical.
 - b. Conducting analytical chemistry course for second class students.
 - c. Conducting tutorials.
 - d. Preparing and marking exams.
 - e. Supervision of partial fulfillment thesis for undergraduate students.
2. Physical and Analytical chemistry Lecturer at Nile University, Faculty of pharmacy, pharmaceutical chemistry department since February 2020 to August 2022 (part timer):

- a. Conducting physical and analytical chemistry course for second class students
 - b. Conducting tutorials.
 - c. Preparing and marking exams.
 - d. Supervision of partial fulfillment thesis for undergraduate students.
3. Analytical Chemistry Lecturer at Omdurman Islamic University, Faculty of pharmacy, pharmaceutical chemistry department since April 2018 to November 2021 (part timer):
 - a. Conducting analytical chemistry course for 4th class students.
 - b. Conducting tutorials.
 - c. Preparing and marking exams.
 - d. Supervision of partial fulfillment thesis for undergraduate students.
4. Pharmacist and medical store manager at Military Medical Centre from April 2018 to April 2023:
 - a. Supply drugs, medical consumables and medical devices to military hospitals and pharmacies.
 - b. Raising awareness of rational drug use.
 - c. Medical counselling.
5. Trainee Pharmaceuticals analyst at Azal Pharmaceutical Industries Company Limited in Quality control department from August 2016 to September 2016:
 - a. Quantitative analysis of drugs using HPLC, Titration and Spectrophotometer.
 - b. Qualitative analysis of drugs using IR and HPLC.
6. Analytical Chemistry Teacher assistant at Omdurman Islamic University, Faculty of pharmacy, pharmaceutical chemistry department since October 2015 to April 2018 (part timer):
 - a. Teaching practical.
 - b. Conducting tutorials.
 - c. Preparing and marking exams.
 - d. Helping in development and validation of methods of analysis with undergraduate students in their thesis.
7. Pharmacist at Lavender Pharmacy in Khartoum from January 2013 to April 2018:
 - a. Dispensing drugs.
 - b. Calculation of different dose regimen.
 - c. Raising awareness of rational drug use.
 - d. Medical counselling.
8. Pharmacist at Aliaa pharmacy at Omdurman Military Hospital from December 2012 to October 2013:
 - a. Dispensing drugs.
 - b. Calculation of different dose regimen.
 - c. Raising awareness of rational drug use.
 - d. Medical counselling.

 - a. Training of how to dispense different drugs.
 - b. Training about the different types of drugs.

- c. Calculation of different dose regimen.
 - d. Training about rational drug use and counselling.
10. Trainee Pharmaceuticals analyst at Shanghai Sudan Pharmaceutical Industry Company in Quality control department from April 2012 to May 2012:
- a. Quantitative analysis of drugs using HPLC, Titration and Spectrophotometer.
 - b. Qualitative analysis of drugs using IR and HPLC.

Thesis for master degree:

- Development and Validation of New UV-Spectrophotometric Methods for Simultaneous Determination of Meclizine Hydrochloride and Pyridoxine Hydrochloride in Bulk and Tablets Dosage Form.

Skills:

- Mother tongue Arabic and Good English language.
- Good computer skills; Microsoft office programs, data analysis, internet and Chemdraw.
- Excellent knowledge about research methodology and citation.
- Quick learning and good communication skills.
- Excellent ability to work in teams and under stress conditions.
- Good skills in quality control laboratories; UV-spectrophotometer and HPLC.
- Good understand level, good teaching skills.

Achievements:

- As a hospital and community pharmacist I gained good experience about different types of drugs, how to dispense, calculate right dose, rational drug use and proper counselling which made me excellent pharmacist at hospital or community pharmacy.
- As teacher assistant and lecturer of analytical chemistry offers me good teaching skills, raise my knowledge and better handling work stress.
- As supervisor of fifth class research project and training in pharmaceutical industries make me excellent pharmaceutical analyst and better researcher.
- My experience with Microsoft office suite makes me good at dealing with Microsoft power point, word and excel.
- My experience with chemdraw and mendeley makes me good at drawing chemical structures and referencing.
