**OBJECTIVE:** Seeking for an opportunity where I would be able to utilize and enhance my knowledge and experience in clinical pharmacy practice and pharmaceuticals to their fullest potential.

## EXPERIENCE

**JUN 2021 – AUG 2021**

**PharmD INTERN, SECURITY FORCES HOSPITAL**

- Reviewed physician orders to assess accuracy and safety
- Provided high quality drug information

**FEB 2021 – JUN 2021**

**PharmD INTERN, KING FAHAD UNIVERSITY HOSPITAL**

- Participated with clinical pharmacists in Antibiotic Stewardship Programs to improve antibiotic prescribing, and clinical outcomes.
- Helped drug information pharmacists with providing accurate and up-to-date drug and poison information to health care professionals
- Used Healthcare Information System to review records and laboratory results, maintaining accurate details.

**AUG 2020 – FEB 2021**

**PharmD INTERN, KING FAHAD MILITARY MEDICAL CITY**

- Compounded and prepared medications according to prescription orders.
- Ensure proper labelling that includes patients' information, dosage instructions, and safety precautions.
- Greeted customers and provided friendly, knowledgeable service
- Contributed to positive treatment outcomes, providing high-quality medication advice

**JUN 2019 – JUL 2019**

**TRAINEE, KING FAHAD UNIVERSITY HOSPITAL**

- Maintained high levels of efficiency during training by taking detailed notes in asking questions.
- Processed over 30 prescriptions per day in busy pharmacy achieving decreased customer wait times and maintaining excellent customers satisfaction.

**JUL 2017 – AUG 2017**

**TRAINEE, GULF UNION COOPERATIVE INSURANCE CO**

- Accurately inputted all patient and medical insurance information into company's computer systems.
