SUMMARY

I graduated from the chemical engineering department in 2020 and my graduation project was in the field of petroleum refining and petrochemicals, My project (Industrial wastewater treatment for leather tanning and reuse for irrigation for tree forest) and it was an excellent rating with honors.

EDUCATION

Bachelor of Chemical Engineering (2015-2020)

Faculty : Canal High institute of Engineering and Technology in Suez.

Department : Chemical Engineering.

Graduation Year : 2020 **Grade:** Good **GPA:** 2.402

Graduation Project : Excellent (Industrial wastewater treatment for leather tanning and reuse for irrigation for tree forest).

INTERNSHIPS

- Petroleum production training at QAROUN Company.
- Training at NASR & SUEZ for petroleum refining.
- Training on gas production.
- Training on industrial water treatment.
- Training on leader ship & solving problem at EDC training Centre.

EXPERIENCE & ACTIVITIES

- Member Operation at EAGE Student Chapter.
- Computer Skills.
- The Ability to solve the problems of Hardware.
- I am currently working in Almadina factory for the manufacture of gypsum in the quality and production department.
- The Ability to solve the problems of Software.
- Good in Excel, PowerPoint and word.

SKILLS

- Excellent Communicator and Relationship building skills.
- I have a good knowledge of the selling process and effective sales techniques.
- Risk Assessment Training Course at Master International Learning Academy.
- Time management - attention to details.
- Hard worker.

LANGUAGE

- Arabic : Mother Tongue.
- English: Good.
