Sub: **APPLICATION FOR THE POST OF AUTO CAD OPERATOR**

Dear Sir,

I would like to introduce myself as Designer AutoCAD/ArcGIS with more than 12+ years' experience in India and in Saudi Arabia.

At this point of my career, I am exploring new professional challenges and am keen to relocate for the right opportunity. I am self-motivated, competent, energetic and committed to achieving goals. I can work independently if the job requirement so demands and is willing to travel whenever required.

I am very interested about the above position and believe that my previous experience, leadership competencies and strong work ethic will greatly benefit to the employer.

Enclosed, please find my Curriculum Vitae furnishing all information about me for your reference.

I hope for your kind and favorable consideration and looking forward to hear from you soon.

Sincerely Yours,  
Muhammed Rasheed
