## SENIOR LANDSCAPING ENGINEER (GRAPHICS-DESIGN-CREATIVE)

### PERSONAL STATEMENT

I am a proactive Landscape Engineering professional with a total of 18 years of experience in a landscaping field with different well-established organizations over UAE. I have a strong ability to plan and execute a wide range of landscaping activities in soft, hard, light scape and irrigation systems. I am a perceptive and resourceful professional who believes in achieving on all fronts.

As a proactive facility management Landscape Engineering Professional, I come to you with a rich experience in achieving the company's mission and strategic direction.

I am confident and competent enough to succeed in your organization by overseeing and preparing original outdoor living spaces combining natural elements with innovative style and design. I enhance areas where people live, work, and play with my captivating surroundings.
