CAREER SUMMARY

Self-motivated, team leader chemical Engineer with the ability of developing an effective policy and winning strategy for the Factories and projects with a wide breadth of knowledge in industrial chemical processes, QA/QC, HSE and Supply chain.

EDUCATION

- **M.Sc. in Chemical Engineering, Graduation Year (2018), Al-Neelain University – Khartoum / Sudan.**
- **B.Sc. in Chemical Engineering, Graduation Year (2014), Al-Neelain University – Khartoum / Sudan.**

International Certificates

- **NEBOSH Management** of international health and safety **IGC 1.**

Courses and training

- **Quality Management** awareness of ISO 9001:2015 system.
- **OSHA** General industry compliance training program.
- **Engineering Programs** Aspen HYSYS Process simulation in chemical industries, dynamic simulation and control.
- **IELTS, Academic** 6.00

Languages

- **Arabic** - Native
- **English** - Fluent

SKILLS AND STRENGTHS

- **Chemical Engineering Calculations** – Knowledge of making calculation of various sectors in chemical engineering.
- **Test Methods and Calibration** Knowledge of test methods of different products, calibration of tools and equipment.
- **Data Analysis** Collecting data from resources to analyze it and discover useful conclusion.
- **MS Office** – Good command in using programs as (Word, Excel, Access, PowerPoint, Adobe ...etc.

WORK HISTORY

- **Semi Energy Company, QHSE engineer, (03/2019) -(04/2021)** at Khartoum / Sudan.

Perform accurate monitoring, inspection of facilities, installing safety devices, investigating accidents and occupational diseases in compliance with the Project Safety, Health and environmental system plan and organization policy in coordination with legal safety requirements at SIEMENS 935MW Garri 3 and Port Sudan OCPP projects.

- **Semi Energy Company, Logistic supervisor & HR administrative assistance, (01/2018) -(02-2019)** at Khartoum /Sudan.

Managed projects supply chain and logistics strategy and operations and maximized the process efficiency and productivity, in addition to develop and maintaining good relationships with vendors and distributors and shipping plan at SIEMENS 935MW Garri 3/Port Sudan OCPP projects.

- **Leader Technology for Engineering Products, Quality Manager, (11/2016) – (01-2018)** at Khartoum / Sudan.

directed all Quality activities, developed training grids to cross train employees, intern audited ISO - 9001:2015 procedures, work instructions, inspection and test instructions, worked with all departments to develop and implement corrective actions in compliance to production quality standards.

- **Al- Manara College, Lecturer, (01/2017) -(01/2018)** at Khartoum / Sudan.

implemented a series of lectures, labs and activities in heat and Mass Transfer and QA/QC programs, which resulted in increased students' interest in regular lessons and increased the success rate at Al-Manara.

- **Nile Petroleum Company, Supply and planning engineer intern position, (2015-2016)** at Khartoum /Sudan.

estimated a timescale for supply plan to ensure that the stock is met with customer's demand. And work closely with site managers and other engineers to ensure stocks is on schedule and that supplies are sufficient.
