PERSONAL SKILLS

Work under Pressure.
Teamwork & Team Spirit.
Communication Skills.
Planning & Time Management.
Attention to Details.

TECHNICAL SKILLS

Microsoft Office.
Solidworks Plastic.
Injection molding machine.

LANGUAGES

Arabic.
English, IELTS 5

CAREER OBJECTIVE

Fresh graduate, passionate and diligent at work with high administrative and organizational skills, I am looking forward to obtaining a job opportunity to apply my abilities and my product validation experience gained from working on the graduation project. Besides my academic knowledge, also I have communication skills and team spirit that will contribute effectively with the work team to achieving the required goals according to the time specified to them.

EDUCATION

Prince Sattam Bin Abdulaziz University	2021
Bachelor of Mechanical Engineering	4.22/5

Graduation Project

Design of Injection Molding Part and Optimization of Process Parameters.

- Design a plastic injection mold taking into consideration the rules of design of molded parts by using the Solidworks Plastic software.
- Running several simulations using Solidworks Plastic to find the suitable material and the optimal parameters for the injection and cooling processes for molded part.

Experience and Training Course

The Fundamentals Of Anti-Friction Bearings course.	2020
Heat Exchangers: Types, Categories, Construction & Applications course.	2020
Internal Combustion Engine Basics course.	2020
Control Valve Basics course.	2020
Occupational safety and health (OSHA)	2020
