📍 Hai Aljamea, Jeddah, Saudi Arabia.

🔪 Skills

Diagnostic Skills

Repair and Troubleshooting Skills

Project Management Skills

Physical Stamina

Computer Skills

Communication Skills

Electronic Fundamentals

Practical Application (DC Motor speed, position control and temperature control)

The Ability to relocate, working on team, learning new tools, working for long time with high efficiency

👤 Reference

Ahmed Rabea - "Sraco "

Eastern Area Projects Manager

a.rabea@sraco.com.sa

0534885455

Ahmed Abdeen - "Andalusia "

Regional Manager

+966564442064

🗣 Language

Arabic (Mother Language)

English Speaking very good Writing very good Listening very good

📁 Experience

- **Andalusia Hai Aljamea Hospital (JEDDAH)** 6/5/20201 -
Biomedical Engineer
Perform On-site Equipment Repair, Order and Install New Equipment, Test Biomedical equipment, Perform Preventive Maintenance, and Provide Technical user support.
- **Sraco (Bukayriyah General Hospital)** 5/5/2019 -
Biomedical equipment Technician 5/5/2021
Working in all departments of the hospital for repairing biomedical equipments
- **Asyot Technical Health Institute (Egypt)** 1/2/2019 -
Biomedical equipment maintenance department manager 4/5/2019
Teaching biomedical subjects for students in department of biomedical equipments maintenance and perform experiments exams for students.
- **ICME (Menoufia, Egypt)** 1/2/2018 -
Biomedical Engineer (FSE) 1/2/2019
Perform On-site Equipment Repair, Order and Install New Equipment, Test Biomedical equipment, Perform Preventive Maintenance, and Provide Technical user support.
- **Asyot Technical Health Institute (Egypt)** 1/10/2016 -
Biomedical equipment maintenance department manager 1/2/2018
Teaching biomedical subjects for students in department of biomedical equipments maintenance and perform experiments exams for students.
- **Homiat Menof Hospital (Menoufia, Egypt)** 1/9/2013 -
Biomedical equipment maintenance department manager 1/10 /2016
Managing the department of biomedical equipments maintenance, Perform On-site Equipment Repair, Order and Install New Equipment, Test Biomedical equipment, Perform Preventive Maintenance, and Provide Technical user support.

I got working on some dialysis machines Fresenius 4008s , Fresenius 4008s classic, Fresenius 4008b , Gambro AK 95, Gambro AK 96 BBraun dialog + and how to fix them

I got working on some dental units Kavo , Serona , Adic and how to fix them

I got working on some infant incubators GE Giraffe ,Omni bed , Drager C200, C450,C2000,Ti500,Calio and how to fix them .

I got working on some ventilators Bennit 840 ,Drager Savina, Carena, Fabian , SLE 5000, Maquet ,and oxillog 1000 ,2000.

I got working on some Sterilization Machines ,Autoclaves CISA, GETTINGE , PLASMA STERRARD 100 NX, BMT and how to fix them .

I got working on some anesthesia machines PENLON , DRAGER and how to fix them .

Microcontroller Circuits and Arduino

I have made simple design (ECG , EMG , Respiratory Rate

Education

 **Faculty of electronic engineering** *2018*
Bachelor in Electronic Engineering

 **Technical Health Institute** *2011*
Diploma in Biomedical Equipments Maintenance
4.5
