## INTERESTS

- Learn about the latest technology available in the market and constantly update my knowledge.
- Participated in a lot of art galleries, one of them was in my university and I received an **Artist's Feather** certificate.
- I used to organize educational videos and meetings for students at lower levels in my major to help them understand the educational materials. And I did various training courses for children and adults at **Almutafawkah Educational Center**.
- Graphic designing (logo, websites, applications, marketing).
