OBJECTIVES

As a new graduate, I am excited to gain practical experience in a dynamic and supportive work environment. I am eager to contribute my knowledge and skills to provide the best possible care to patients and work collaboratively with other healthcare professionals to optimize patient outcomes. I am a highly motivated and detail-oriented individual with a strong work ethic and a passion for helping others. Throughout my pharmacy education, I have gained extensive knowledge in pharmacology, drug interactions, and medication therapy management. I have also developed strong communication and interpersonal skills, which allow me to effectively collaborate with other healthcare professionals and provide excellent patient care.
