Dear Hiring Manager,

Applying for the position of Project Manager - 207-1.

I am an M.Sc(Ag) in Horticulture Engineering from Bangladesh Agricultural University. Served more than 20 years under the Ministry of Agriculture, Bangladesh Government as Director, Principal & farming manager, Deputy Directors etc with the full satisfaction of the authorities. I was engaged always with the multi disciplinary components in multi locations with fruits, vegetables, flowers, farming-gardening, landscaping, colored plantations, vicinity beautification, training-pruning etc best practices for architectural design and Horticulture value chain activities holding strategic senior positions.

Prepared Agri-business Action Plan and sale targets etc based on the situation suitability, business policy, cost-effectiveness, climate change, Agronomical practices etc. Managed farm operations as per plan and work schedule. Mentored staff and vendors with the responsibilities. Advised workshop engineer and farm manager to ensure the availability and working conditions of the Agricultural implements, irrigation equipments, inputs and other logistic supports in time.

Trained field staff on the farm operational activities-soil collection and nutritional testing, healthy soil management, fertilizer/manure assessment and application, seed/plant selection and planting, intercultural operations, IPM etc along with customer relationship and future business need planning for development.

Conducted seminar-symposiums, workshops with the stakeholders, vendors farmers etc for business need planning, monitoring-evaluation and implementation. Floated tender-quotations, made budgeting & other formalities.

Liaised with the key organizations as well as submitted progress reports/proposals/action plans to the authority for approval.

Under the above facts, I do believe that your honor would consider my prayer.
