### Professional Experience

May 2021 – September 2023:

**Internship cum Clinical Pharmacist, OHRC, Hyderabad, India**

Job duties:

- Conducted comprehensive pharmacovigilance activities, including the collection, assessment, and reporting of adverse drug reactions (ADRs) in compliance with regulatory standards.
- Maintained meticulous records of pharmacovigilance data, ensuring the accuracy and completeness of adverse event reports.
- Collaborated closely with cross-functional teams to assess the safety profile of drugs, identifying potential risks and proposing risk mitigation strategies.
- Assisted in the preparation of pharmacovigilance reports and submissions for regulatory authorities, ensuring timely and accurate compliance with reporting requirements.
- Contributed to the development and implementation of pharmacovigilance procedures and guidelines within the department, enhancing efficiency and data quality.
- Conducted in-depth analysis of prescribing trends and pharmacovigilance data to identify patterns, trends, and potential safety concerns.
- Provided valuable insights and recommendations regarding drug interactions, side effects, dosage adjustments, and proper medication storage to healthcare professionals and patients.

Nov 2020 – Mar 2021:

**Internship, CliMed Research Solutions, India**

Job duties:

- Research & Therapeutic Modules, Scientific Networking Training Program,
- Certificate Course in Medication Complexity & Errors,
- Leadership & People Management Skills Development Program and Multiple Event Conducted During the Internship Period.
