TO,
The Respected Recruiting
Officer, &
The Respected Manager HR,

Dear Respected Sir/Madam,

I am writing in response to your vacancy. Given my closely experience and excellent abilities I would appreciate for your consideration of this job. My duties are an ideal match for this position and cover all job requirements. Having overall experience, I have been incessantly associated with Apprentice team member in Indus Automobile Karachi as well as IT work cum Data entry operator,

I very much enjoyed working and found the experience both interesting and rewarding. I learned how to operate pneumatic & manual jigs in weldshop and assembly plant. I have the knowledge to perform regular maintenance & Housekeeping and execute proper protocols in the event of an accident or emergency. It makes me confident that I will be suitablefor technical team.

Currently, I am looking for a job change for my career enhancement in **your Company**. I am quite confident that my skills and experience would make great contributions to your organization. Therefore, I am applying with hope and confident that I will be selected for your team as my experienced & skills are qualifyingthe requirement and I will contribute my knowledge, skill for the growth of **your Company**.

My enclosed resume simply gives you contemporary detailed information about my experience, qualifications& achievements. However, the covering letter provides you a glimpse of interpersonal skills. I look forward to meeting with you. I ask that you review this cover letter and resume at your convenience to learn more about my background.
