● CAREER OBJECTIVE

Landscape Architect with 11 years of experience in designing outdoor spaces, organizing presentations, preparing estimation, generating drawings and monitoring the landscape construction process to the end. Looking to leverage my knowledge and experience into a role as Landscape Architect to the top level.

● PROFESSIONAL EXPERIENCES

HEAD OF LANDSCAPING AND DESIGN | 2019-Present

Royal Court Services, Agriculture Affair Directorate, Kingdom of Bahrain

- Provide Input on design by consultants (e.g., Cracknell, Pascal Lopez, Decovar Orient, Landscape Solution, Francois Goffinet Limited)
- Input in preparation and planning process for New Projects.
- Preparation and Presentation of complete drawings for final approval.
- Coordinate and supervise design work carried out by the Landscape Designer.
- Complete and present sketch Design for approval.
- Coordinate Planting Plans and Working Drawings (Construction) prior to the Commencement of Landscaping Works
- Carry-out-ad-hoc/ other duties to be assigned by the Manager

SENIOR LANDSCAPE ARCHITECT (ASSOCIATE) | 2012-2019

Urban Garden Design Sdn. Bhd., Penang, Malaysia

- Designing and arranging Landscape Architect scope of work
- Utilizing Auto Cad software to design landscape projects.
- Preparing arrangements for plan estimation.
- Providing guidance to engineers and architects in Landscape Scope.
- Generating drawing for Landscape architecture.
- Preparing preliminary landscape architecture and presentation.
- Performing inspection and supervision on construction and providing suitable ideas as required.
- Collecting and evaluating information about landscape construction.
- Presenting enough information to clients to take decision.
- Working closely with engineers, architectures, supervisors, environmental scientists and other professionals.
- Monitoring/ Supervising project from beginning to the end.

LANDSCAPE DESIGNER | 2011-2012

Morphosis Design Sdn. Bhd., Shah Alam, Malaysia.

- Involved in the design team for Conceptual Design Stage.
- Involved in the generating the Landscape Drawing in Construction Stage.
