KEY SKILLS

- Adaptability
- Flexibility
- Communication
- Problem Solving
- Leadership
- Scheduling
- Teamwork
- Proficiency in MC Office

PROFILE

Highly motivated recent graduate with a 2nd honours of BSc of Chemical Engineering. Focuses on developing and streamlining procedures and finding innovative, problem solutions.

PROFESSIONAL EXPERIENCES

- Attended Air Pollution Control Course at Jazan University | 2018
- Attended hallmark event of KAUST, Winter Enrichment Program of 2019 titled Time | Jan 2019
- Had a pre-professional experience at Ministry of Environment, Water and Agriculture in sewage treatment plant | Jun-Aug 2019
- Led my teammates on graduation project | 2020
- Attended Elective Courses about Polymer Technology and Water Treatment | 2020
- Attended a 30-hour Course on OSHA; Workplace Safety Management | 2021

EDUCATION

Jazan University **December 2020**

Bachelor's Degree in Chemical Engineering
GPA : 4.27 Out of 5 with 2nd Honours.

Graduation Project : Fabricated Carbon-based Materials for Water Desalination Using Capacitive Deionization Process.
