- Allocating responsibilities to junior staff with regard to the refining process.
- Presenting operations reports to management.
- Planning a refinery procedure to ensure maximum outputs.

THE ARAB CONTRACTORS FOR UTILITIES, OPERATION, MAINTENANCE & SERVICES

Mar-2005: Sep-2007

Chemist Specialist

- Analyzing water in purification plant to control chemical processes which soften it and make it suitable for drinking.
- Analyzing samples of filtered water to ensure that quantities of solids left in suspension are below prescribed limits.
- Determining amounts of liquid chlorine to be used in chlorinators to destroy microbes and other harmful organisms, basing amounts on findings of microbiologists.
- Determining kinds and amounts of chemicals to be used in removing minerals, acids, salts, and other inorganic compounds from water to soften it.
- Testing samples extracted from various points in the distribution systems, such as mains, tanks, pumps, and outlets, to discovering possible sources of water contamination
- Initiating changes in laboratory procedures and equipment in order to increase the efficiency of laboratory

EDUCATION

MINUFIYA UNIVERSITY – Faculty of Science

May – 2004

BSC.in Chemistry

SKILLS

Excellent communication skills, Team Leadership, Goals oriented, Quality-oriented, Customer Problems Solving, Budgeting, Project Management, Quality Management, Business Strategy
MS-Office (Excel, Word, PowerPoint) and internet skills

CERTIFICATIONS

ISO 14001:2015 EMS INTERNAL AUDITOR

OCT-2020

TUV SUD MIDDLE EAST

EMS - Environmental Management System.
Cert. No. TUVSUDMEOH/270102020/011013

ISO 45001:2018 OHSMS INTERNAL AUDITOR

DEC-2020

TUV SUD MIDDLE EAST

OHSMS - Occupational Health & Safety Management System.
Cert. No. TUVSUDMEOH/230122020/001018

QMS ISO 9001:2015 LEAD QUALITY AUDITOR

JAN-2017

TUV NORD – Saudi Arabia

QMS - Quality Management System

Cert. No. QMS/LQA/I/8115/2017/09.

QMS ISO 9001:2015 Internal Quality Auditor

JAN-2017

TUV NORD – Saudi Arabia

QMS - Quality Management System

Cert. No. QMS/IQA/I/1009/2017/09.

Risk Management System Based on ISO 31000:2018

Nov-2018

Resource Inspection Canada Incorporated

Cert. No.NA1727

ACHIEVEMENT

NSF INTERNATIONAL MARK

2018

NSF/ASNI 61

Products are required to comply with NSF/ANSI/CAN 61: Drinking Water System Components – Health Effects by most governmental agencies that regulate drinking water supplies.

Water regulations Advisory Scheme LTD. (WRAS)

2018

MATERIAL APPROVAL OF HDPE100 PIPES FOR USE WITH WATER UP TO 65° C

Non-metallic materials & components, such as Thermoplastics undergo testing only for their effects on water quality. This type of approval demonstrates that the non-metallic material/component complies with BS6920.

Quality Management System Certificate

2018

QMS ISO 9001:2015

ISO 9001:2015 specifies requirements for a quality management system when an organization:

- a) needs to demonstrate its ability to consistently provide products and services that meet customer and applicable statutory and regulatory requirements, and
- b) aims to enhance customer satisfaction through the effective application of the system, including processes for improvement of the system and the assurance of conformity to customer and applicable statutory and regulatory requirements
