

Marwa Esmaeil Aboamra Esmaeil

Address : Al Khobar/ Saudi Arabia
KSA Mobile : +966 568331837
E-mail : marwa_aboamra@yahoo.com

Objective

Working in a comprehensive and progressive community including software analysis , design ,development and project management where my skills will be enhanced and developed .

Personal Information

MARITAL STATUS : Married
NATIONALITY : Egyptian
DATE OF BIRTH : 28/12/1985
PLACE OF BIRTH : Jeddah / The Kingdom of Saudi Arabia

Education

Information Technology Institute-ITI 2008-2009

Cairo, Egypt
Diploma in Information Technology
Specialty: E_Business development program

Faculty of Engineering 2003-2008

B.SC. In Computers and Systems department
Al_Azhar University - Cairo, Egypt

Certifications & Training

-Nahdet El Mahrosa Certification 2008.

Nahdet El Mahrosa community sponsored our faculty graduation project and selected it from the best fifteen project over Egyptian sponsored projects.

-High Electric Company summer training 2007.

How the whole electric system works in Egypt with some details of each unit and how it deliver the services to the customer.

-Telecom Egypt Company summer training 2006.

The integration of the Telecom Egyptian system , how the system work and how the whole system communicate locally and worldwide.

Projects

- ITI Graduation Project:

Wedding Planner:

A website that concerned with all engagement and wedding planning .

Technologies Used:

ASP.net, C#, Ajax, JavaScript, SQL.

Responsibilities:

Project analysis, Database design, Developing, marketing plane.

- Faculty Graduation Project:

Arabic Speech Recognition.

A software program takes sound from a mike and transforms it to its related written Arabic words in Microsoft Word or executes commands.

Technologies Used:

Matlab and Microsoft Office.

Responsibilities:

Analysis, documentations, Database design, Development and functionality enhancement.

Other ITI Projects:

-Library project

Managing a library system.

-Technologies used :

Java &SQL.

-Desktop simulation project

Simulation for the desktop with many behaviors on it.

-Technologies used :

JavaScript & HTML.

-SCRUM project

Simulation of Agile methodology .

-Technologies used :

UML,SQL and ASP.net.

Experience:

PHP Developer | **DenTech - KSA**

24-11-2014- till now

Technologies :

PHP,MySQL,Jquery,Ajax.

Responsibilities:

- Analysis ,leading ,PHP developing, MySQL DataBase Design and manage.

Projects:

DAS: Data Archiving System

CWC: Heavy Equipment Managment System (Maintainace , Rental).

RMS: Resturant Managment System

CMS: cars Managment System

STD: School Managment System

HR: Humman Resource System

LTF: Manage Charitable organizations System

Senior software Engineer | **Bizware Egypt**

10-2011- to 7-2014

Technologies :

Asp.net,.Net framwork 3.5 , Ultimus workflow 8.2 , Ultimus workflow 7.3 , Significs software ,SQL Server 2008 ,SSRS ,DevExpress.

Responsibilities:

- .Net developing
- Business Analysis ,UML creation and Documentations
- DataBase Design
- System Implementation
- Ultimus (Workflow) Administration, design, developing , Implementation and maintenance .

Projects:

TDM:

Pharmaceutic Tenders Managment system.

Technologies used:

Ultimus, Asp.net,Sql server

Responsibilities:

Analysis, Database design, Asp.net deveoping,Ultimus administration and developing.

ICM:

Medical Representative Incentives Calculation system.

Technologies used:

SQL, Asp.net

Responsibilities:

Maintenance and Enhancements.

Approve:

Approval of medical promotional materials.

Technologies used:

SQL, Asp.net and Ultimus 8.2.

Responsibilities:

Enhancing from Ultimus7.3 to Ultimus 8.2 , Adding new workflow functionalities and Asp.net Maintenance.

ACT:

Application used to manage training courses of medical representative.

Technologies used:

SQL and Asp.net.

Responsibilities:

Asp.net developing.

KOL:

Application used to evaluate presenters of the medical sessions.

Technologies used:

SQL and Asp.net.

Responsibilities:

Analysis, Database design and Asp.net developing.

SDM:

Incentive calculation system.

Technologies used:

SQL and Asp.net developing.

Responsibilities:

developing.

File Converter:

Desktop application used to convert data file from .txt file to .csv file.

Technologies used:

SQL server and C#.

Responsibilities:

Analysis and developing.

Ambient:

Web Application to manage configurations of hardware devices and monitor alerts from them.

Technologies used:

SQL ,.Net,devexpress ,Javascript.

Responsibilities:

Analysis, design and developing.

FansMeter:

Website to measure people views of famous characters.

Technologies used:

Significs,SQL ,.Net,devexpress ,Javascript .

Responsibilities: Analysis, design ,developing.

GIS and .Net Developer | ORBITS_IT Egypt

1-8-2009 – to 10-2011

Technologies :

ArcGIS10 , ArcGis 9.2 ,EsriMaps,EsriGIS framework, UML,Oracle10g and Asp.net

Responsibilities:

- .Net developing
- GIS developing, GIS functionality developping maintenance and enhancement , Enancemet plans of GIS Applications, Maps and services Managing.
- Analysis, UML creation , Data Base Design and Documentations and Implementation.
- Team Leading.

Projects:

PCMG:

Parcels managment system in KSA.

CBLD:

Parcels Checking across conditions for diffrent building Manars in KSA .

BLDG:

Parcels Checking across conditions for diffrent building Manars in KSA .

Shops:

Parcels Checking for using as shops and adding information about in KSA.

SGIA:

Parcels Checking for Investment.

MNTR:

Monitorring shops behaviour and checking heathy conditions.

Tools:

- Ultimus8.2(Workflow).
- Visual studio 2005,Visual studio 2008, Visual studio 2010.
- Altofa,Photoshop,Swish,TFS,SVN ,Visio.
- Arc Map [8.2 ,10,Arc Catalog [8.2, 10], ArcGis [9.2,10],Arc Pad.
- Toad for Oracle10g.
- Sql Server 2005,Sql Server 2008.
- XAMPP

Skills:

Web & System developing :

- ASP.Net ,.Net Framwork 3.5
- C#.
- PHP.
- C , C++ , java.
- WWF, WS,WCF, LINQUE.
- SharePoint.
- Crystal reports,SSRS.
- java script,json,Ajax.
- DevExprese,Telerik and Ajax controls.
- HTML5, XML.
- Object Oriented,Data Structure, Design Pattern ,cloud computing as concept...

-System analysis , UML design and Team Leading.**- Good knowledge about GIS:**

- Arc GIS, Arc Catalog.
- Arc Map, Arc Pad.

- Good knowledge about DataBase design, BI cocepts.

- Oracel 10g
- SQL Server 2005,2008
- MySQL 5.6

- Good knowledge about Soft Skills :

- Communication skills.
- Presentation skills.
- Negotiation skills.
- Business ethics.

Interests

- Reading.
- Following up new technologies.
- Medical knowledge.
- Collective actions.

Languages

- Arabic:** Native
- English:** very good
