WORK EXPERIENCES

▪ Cyber Security Analyst

Saudi Business Machines | Jun 2020 - Jul 2021

I worked in a Security Operations Centre [SOC] as a Cyber Security Analyst. As a member of the Cyber Security team , we aimed to identify, analyse and react to cybersecurity threats using a reliable set of processes and technology solutions.

▪ Information Security Analyst

Saudi Aramco | Jun 2019 - Dec 2019

I worked with Saudi Aramco (Marine) as an Assistant Information Security Analyst for 7 months as a part of my College Training Field Requirement.

Main tasks I accomplished:

- Saudiaztion Dashboard
- Analyze 2019 Marine IT service costs
- Marine Training Academy Unit - Activities load sheet 2019
- Monitor Phishing Awareness Test Email
- Data Protection Walk-through Check Inspection

EDUCATION

▪ Jubail University College | Jan 2014 - Dec 2019

Computer Science, BSc - GPA: 3.13/4.00

▪ Sibawayh Institute | Jul 2021 – Sep 2021

Arabic Language Studies, Diploma Degree

PROJECT

▪ Marine Training Attendance System

Marine Training Academy of Saudi Aramco | Sept 2019

I created an attendance system using java connect to local SQL Database to take daily attendee of Marine Trainee, and register them to courses, and generate and export it to Excel Spreadsheets
