EXPERIENCE

SENIOR
PHARMCIST
OCT 2023 - APR 2024

ALWADI MIDICAL GROUP - KSA, AL MADAINAH ALMUNAWARA

Dispensing Medications: Efficiently and accurately dispensing prescribed medications to patients while ensuring compliance with legal requirements and safety protocols.

Patient Counseling: Providing comprehensive medication counseling to patients, including information on dosage, administration, potential side effects, and interactions to promote safe and effective medication use.

Medication Therapy Management: Conducting medication therapy management services, such as medication reviews, to optimize therapy outcomes, improve patient adherence, and prevent medication-related problems.

Inventory Management: Overseeing inventory control processes, including ordering, receiving, and maintaining appropriate stock levels of pharmaceuticals and supplies to meet patient needs and regulatory requirements.

Collaboration with Healthcare Professionals: Collaborating effectively with physicians, nurses, and other healthcare providers to ensure coordinated patient care, resolve medication-related issues, and promote interdisciplinary communication.

Quality Assurance: Participating in quality assurance activities, such as medication error reporting, medication safety initiatives, and compliance audits to enhance patient safety and minimize risks.

Patient Advocacy: Serving as an advocate for patients by addressing their concerns, advocating for appropriate medication therapy, and facilitating access to pharmaceutical resources and support services.

Continuing Education: Engaging in ongoing professional development activities, such as attending seminars, workshops, and continuing education programs to stay current with advancements in pharmacy practice and expand clinical knowledge and skills.

SENIOR
PHARMCIST
AUG 2021 - OCT 2023

MASSA PHARMACY - KSA, JEDDAH

Medication Compounding: Compounding specialized medications, such as creams, ointments, and oral suspensions, according to established formulas and quality standards to meet patient-specific needs.

Patient Record Management: Maintaining accurate and confidential patient records, including prescription histories, medication profiles, and allergy information, using electronic health record (EHR) systems to facilitate continuity of care and regulatory compliance.

Medication Reconciliation: Conducting medication reconciliation processes, including obtaining and verifying medication histories, reconciling discrepancies, and communicating changes to healthcare providers to prevent medication errors and adverse drug events during transitions of care.

Patient Education Programs: Developing and implementing patient education programs, such as medication adherence counseling sessions, disease management workshops, and wellness initiatives, to empower patients to take an active role in managing their health and medications.

Pharmacy Operations Management: Overseeing day-to-day pharmacy operations, including staffing schedules, workflow optimization, and performance monitoring, to ensure efficient and effective service delivery while maintaining high standards of quality and safety.

Regulatory Compliance: Ensuring compliance with federal, state, and local regulations governing pharmacy practice, such as HIPAA, DEA, and FDA requirements, through ongoing training, audits, and adherence to standard operating procedures.

Health Promotion Campaigns: Collaborating with healthcare organizations, community groups, and local businesses to develop and promote health promotion campaigns, such as immunization clinics, smoking cessation programs, and medication take-back initiatives, to improve public health outcomes and raise awareness of pharmacy services.

Research and Quality Improvement Projects: Participating in research studies and quality improvement projects, such as medication utilization reviews, patient satisfaction surveys, and clinical outcome assessments, to contribute to evidence-based practice and enhance the quality of pharmacy services provided.

This is to certify that : *Omer Galal Omar Mohammed* has been awarded the degree of Diploma in Pharmacy Technology . Faculty of Technology and Health sciences . Below are the details of the examinations results:

First Semester 2009/2010			
Subject	Credit hours	Grade	
Pharmaceutical Chemistry (1)	3	B	
Physical Pharmacy	2	*C	
Pharmaceutics (1)	3	B	
Computer (1)	2	A	
Biology	3	B	
Arabic Language (1)	2	B	
English Language (1)	2	B+	
Religious Studies (1)	2	B	
GPA	3.05	TOTAL	19

second Semester 2009/2010			
Subject	Credit hours	Grade	
Mathematics & Statistics	2	C+	
Physiology	2	B	
Pharmaceutical Chemistry (2)	3	C	
First Aids	2	C+	
Pharmacognosy (1)	3	C+	
Arabic Language (2)	2	B+	
Religious Studies (2)	2	A	
English Language (2)	2	A	
Anatomy	2	A	
GPA	3.03	TOTAL	20 cGPA 3.04

Third Semester 2010/2011			
Subject	Credit hours	Grade	
Biochemistry (1)	1	C	
Pharmaceutical Financial Transaction	1	C	
Pharmaceutics (2)	3	B	
Pharmaceutical Chemistry (3)	1	C+	
Pharmacy Practice	2	B	
Pharmacology (1)	5	B+	
Pharmaceutical Management	1	C+	
Pharmacognosy (2)	1	B	
GPA	2.97	TOTAL	15 cGPA 3.02

Fourth Semester 2010/2011			
Subject	Credit hours	Grade	
Sudanese Studies (1)	2	B+	
Pharmaceutics (3)	3	B+	
Primary Health Care	2	C+	
Pathology	2	C+	
Microbiology	3	C-	
Pharmacognosy (3)	3	B*	
Pharmacology (2)	3	B+	
Biochemistry (2)	2	C	
GPA	3	TOTAL	20 cGPA 3.01

Fifth Semester 2011/2012				
Subject	Credit hours	Grade		
Registration & Importing	1	C+		
Methods Of Storage	1	B+
