## You Made a Difference

This is to put on record, the North west regional management's sincere appreciation to **Mr. Atheruddin Syed**, the Regional Quality Health and Safety Manager of the north west region for his contribution to improve the depot standards during his regional visit

We commend Atheruddin Syed for making his visit a fruitful one as well as making an impact on the outer depots and how those managers would feel supported.

Atheruddin Syed was nominated for this award by Mr. Seosamh Buckley {Joe} O' Brien the Regional General Manager for the north west region.

Thank you so much for making a difference!

Best Wishes!

## You Made a Difference

We would like to put on record the North West's appreciation of the divisional Quality teams support in the 2012 ISO audit results. Madinah and Tabuk were audited by ISO in relation to the quality and consistency of our practices and procedures. ISO as you all are aware is an internationally recognized standard by which we are audited against "what we say we do and what we actually do".

While conducting this audit the auditors found no non compliances with either depot. Whereas NCNs are actually not a bad thing in terms of identifying areas for improvement for our business the fact that we received none is a phenomenal achievement as it shows our commitment to driving quality practices within our region. While the audit is only a snapshot of our business the auditors are not limited to access in relation to any of the set objectives, their audit generally finds that you cannot hide from bad practices however it also quickly shows that you cannot pretend to have good practices.

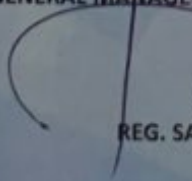

The regional quality team of Atheruddin, Rizwan and the guys at regional office were nominated for this award by the Senior regional Executive team in the North West. Without the quality of their audits and the drive and commitment of them in terms of getting us to be all we can be, we do not believe we could have been this successful. Gentlemen you really do deserve this
