

Dear Sir/Madam,

Becoming a Geoscientist and get the opportunity to work in the industry has always been my career aspiration and I am seeking an opportunity in organization, which is bound to be a great means of excellence in the development sector.

I started working as Customer Relationship Officer in a private vehicle rental services for the period of one year, where my core duties were to maintain the day-to-day operations of the company and maintain the direct relation with the client and make sure that the services that are provided by the company are up to the standards and must meet the customer expectations. I have also served in Ma'Aref Technologies as Safety Officer for a period of one year started in March 2017 and had performed my duties on various projects. I also have an experience of working in Oil and Gas service provider Smart Well Services Private Limited, Pakistan as Consultant Geophysicist where I was provided initially the knowledge of Quality, Health, Safety and Environment QHSE regulations. Later I performed interpretation tasks of seismic data by using data interpretation software with my team members. I have also worked on different sites for the purpose of Geological Surveys. Worked with the team of professionals on Soil Testing Analysis, determining the water table by using the geophysical technique like electric resistivity method and supervised several well coring sites. Recently I was working with Mahar Construction Private Limited, Pakistan as Assistant Manager HSE and also assisting their procurement team in several tendering processes for the procurement and supply of building material as per the rule of Pakistan Procurement Regulatory Authority. These experiences helped me a lot to increase my knowledge in Management to mold my personality according to the industry environment.

In conclusion, I believe that an opportunity within the organization would be mutually beneficial. My energetic multitasking and adaptive problem-solving skills will be the ultimate asset to the team. Kindly do consider me and provide me with the opportunity so that I would be able to prove myself for the benefit of the company. I would be glad to provide you with any additional information that you may need.

Thank you very much for your consideration.

Yours' Sincerely,

**Muhammad Wahaj Ahmad**
